J. EWING EDENS DIED HERE EARLY THURSDAY MORNING

PROMINENT CITIZEN OF CORSICANA PASSES AWAY AFTER SHORT ILLNESS

J. Ewing Edens, aged 49 years, and native of Corsicana, died at his home, 626 South Fifteenth street, at 8:30 o'clock Thursday morning, after an illness of less than two weeks. Deceased had been confined to his bed since Sunday, February 6, and it was thought that his condition during the last several days had improved. Funeral services will be held from the home Friday afternoon at 3 o'clock, with burial in Oakwood cemetery. The Rev. F. P. Culver, pastor of the First Methodist church, will conduct the services. Pallbearers will be as follows: Active—Claude Cunningham, John Cunningham, Note Goodman, R. D. Fleming, Tom Pinkston, B. Robinson, Jim Nick Garlitt, Dr. T. P. McLendon. Honorary—H. O. Blanding, Dillard Ramsey, Courtney Baker, Tom Childress, Tom Sharp, Sam Jackson, Roy Myston, Joe Goodman, Charles (Cap) Allen, R. J. Jackson, Pat Colburn, Wade Smith, J. S. Eubank, Charlie Jester, Beauford Jester, Clyde Stroud, Carter Kirven, Jack Walton, Wirt Singletary, H. B. McDonald, Walter Beaton, Arthur Levi, T. P. Hays, I. N. Corf, Harry Williams, Nat Pinkston, J. R. Neece, Jr., Tom Hughes, Louis Goldberg, A. M. Milligan, John Murchison, Bob Johnson, Dock Redden and others. All of Corsicana. Tris Speaker, Hubbard, J. R. Hinkle, St. Louis, R. P. Poland, Ardmore, Okla., T. P. Perkins, Mineral Wells; Glenn Myatt, Houston; Bass Ward, Jr., Richland; Sterling Wood, Dallas; Lawrence Wood, Dallas; John Cooper, Streetman; Judge Boyd, Fairfield; Doak Roberts, Dallas; Clyde Cole, Streetman; Jim Hagler, Winkler.

Deceased is survived by his wife and two brothers and two sisters. J. N. Edens, president of the First National Bank; Reuben Edens of Bureka; Mrs. C. F. Tift of Dallas and Mrs. Ralph Kinsloe of Beaumont. Mrs. Kinsloe was in Dallas and arrived here, with Mrs. Tift Thursday afternoon. Mr. Edens also survived by numerous other relatives.

Ewing Edens was born and reared in Corsicana and was known to practically every resident of the city. He had hosts of friends who will sorrow with his loved ones at his passing. He was outspoken in his convictions and could always be depended upon to state his position on all questions of moment to the town and community. He had been engaged in recent years with his farming interest and stock raising and was one of the large land owners of the county. He was interested in all kinds of athletics and sports and was part owner of the old Texas League baseball club of Corsicana several years ago. He was of a friendly disposition and made friends quickly and held them by his straightforward and honest treatment of all men.

DENOUNCE AMERICA AS IMPERIALISTIC AND AN OPPRESSOR

By Associated Press. Brussels, Feb. 15.—American "imperialism" and treatment of the Negro were among the most vigorously denounced of many alleged abuses mentioned in a final volley of resolutions which have been adopted by the Congress of Oppressed Nations in session here. Richard More, an American negro, presented one resolution which stated that "twelve million negroes in the United States, guaranteed equal rights under the constitution are denied full and equal participation in the life of the nation. This oppression is greater in the Southern states where the spirit of chattel slavery still predominates."

ITALY WILL FOLLOW FRANCE'S LEAD IN REJECTING PROPOSAL

By Associated Press. Rome, Feb. 16.—Italy will follow France's lead in rejecting President Coolidge's naval disarmament proposal, it was announced in a semi-official communique this morning. The Italian reply is ready and will probably be delivered some time today. The reason for Italy's rejection of the proposal were not announced, but it is understood they are based upon insistence that a reduction in submarines, destroyers and other light types of naval vessels would jeopardize the defense of the long coast line of Italy proper and her African colonies.

WORST FLOOD AND STORM IN HISTORY OF PACIFIC COAST

KNOWN DEATH TOLL IN LOS ANGELES AREA HAS REACHED TWENTY-ONE

By Associated Press. San Francisco, Feb. 17.—Despite the confusion and roar of high water, flood stricken Southern California today turned an eye toward the growing totals of death and destruction as the result of the worst storm in its history, while thousands of its beleaguered citizens sought refuge from a menace still unabated. With the known death toll standing at 21, property losses from rain, snow and wind, which has beset the sunny Southland with unprecedented violence for four days, probably will total several million dollars. Up to an early hour today approximately 5,000 persons had been driven from their homes.

A survey, made up from reports received over limited lines of communication, showed at least twenty cities had been partly or wholly deluged, seven of them badly. Damage to bridges alone in Los Angeles was estimated at \$1,000,000. San Diego Threatened. San Diego stood in imminent danger of a catastrophic flood for several hours last night and early today, but the waters finally receded to below the danger point. No estimate of the San Diego losses could be made early today.

A survey of damage at Taft, which is out of the Southern flood area, where the flood went over a hundred oil derricks where the loss would run to \$250,000 or more. San Francisco shippers claimed a loss of \$100,000 due to the storm. Union Pacific Railroad officials said equipment destroyed in the wreck of the road's Los Angeles-Chicago Flyer at Whittier Tuesday night would represent a \$150,000 loss.

Untold damage was caused to crops, orchards, highways and homes in the San Fernando Valley, where several towns were inundated. Snow Sheds Kill Many. The death toll in the snow miasma in the mountains above Fresno reached 130 last night when coroners' reports had been checked. Two avalanches struck the camp of the Southern California Edison Company there, causing the greatest tragedy of the storm. Twenty-four persons caught in the slide still are in hospitals, many of them seriously injured.

Besides San Diego and Los Angeles the badly flooded cities include Long Beach, where some 2,500 persons were driven from their homes by high water. 64 city blocks having been flooded; Venice, where 600 or more were forced to flee; Anaheim with 20 blocks inundated and Fullerton, where forty blocks were under water.

At Anaheim an oil tank, undermined by flood waters, toppled over and added its 80,000 barrels of petroleum to the flood, covering the surface of the water with a greasy mixture. At Escondido, one of the show places of San Diego county, 6.62 inches of rain fell Tuesday night and early Wednesday.

Another Storm Warning. While some of the rivers and creeks were reported receding and the flood crest passing, weather reports said another storm of unknown proportions was rolling in from the Pacific. More rain today also was promised. The Pacific storm was reported to be 48 hours away.

The death list included one drowning at San Diego, four from traffic accidents in Los Angeles, one death at Taft, and one at Riverside. In several of the cities the water reached a depth of three to six feet. Some places in the Mission Valley of San Diego county were reported to have been under 10 feet of water.

List of Dead.

By Associated Press. Los Angeles, Feb. 17.—The death list in the storm that swept California this week stood today at 21. The list follows: CHARLES IRELAND, engineer of the Union Pacific Flyer, wrecked Tuesday night at Whittier. MONTE WEBSTER, 45, drowned in a raging stream in the San Jacinto mountains near Riverside. A seven year old boy who fell off a bridge into a river near San Diego. KNUTE ERICKSON, 12, thrown from a skidding automobile beneath its wheels in Los Angeles. J. A. HAMPTON, died of a fractured skull suffered when he slipped on a wet pavement in Los Angeles. BARNEY MORTON, 60, died in an automobile accident at Taft, caused by the storm. RALEIGH KING, 35, killed when his automobile skidded into a trolley car in Los Angeles. One unidentified man is reported missing as the result of landslides, which buried two homes in Laurel canyon, Hollywood. In the destruction of the camp of the Southern California Edison Company, 72 miles East of Fresno, by a snow slide, 13 were killed and 23 injured. The dead and injured were employees of the company.

DALLAS POLICE FIND FOUR WELL KNOWN ROBBERS

By Associated Press. Dallas, Texas, Feb. 17.—The police department was informed by telephone last night that four well-known robbers were at a Dallas theatre. A squad of blue-coats rushed to the place, to find wax figures of Jesse James, Frank James, Cole Younger and Bob Ford, used to advertise a play.

HOUSE RUSHING FARM RELIEF BILL THROUGH TO VOTE

TWO SUBSTITUTE MEASURES ARE VOTED DOWN DURING COURSE OF DAY

By Associated Press. Washington, Feb. 17.—Rushing towards a final vote on the McNary-Haugen farm relief bill, the House today rejected in rapid order the Aswell and Curtis-Crisp measures which were offered as substitutes. The vote against the Aswell bill was 160 to 144, while that against the Crisp measure was 177 to 156. Neither was a roll call vote and both bills can be offered later as substitutes, although friends of the McNary-Haugen bill professed to see in today's test tokens of the victory which they claim. The House then rejected 119 to 34 a move to substitute the debenture farm relief bill framed by Representative Jones, Democrat, of Texas. On a viva voce vote, the House also turned down a motion by Representative Hill, Republican, of Maryland, to substitute the Curtis-Aswell national commodity marketing bill rejected last year.

Assistant Adjutant General. Austin, Texas, Feb. 17.—Taylor Nichols of Robstown today was appointed assistant adjutant general by Governor Moody. Nichols, who will hold the rank of Lieutenant-Colonel, arrived here today to take up his new duties. Nichols volunteered for service during the World War and attained the rank of First Lieutenant.

WOMAN WINNER OF FIRST OCEAN SWIM DAYTONA TO ORMOND

By Associated Press. Ormond Beach, Fla., Feb. 17.—Mrs. Lucille Hyatt, 25-year-old Chicago matron, won the first ocean swim from Daytona Beach to Ormond Beach, from a field of nine men and women starters yesterday. She swam the distance—about five miles—in two hours and 33 minutes. Chauncey Hyatt, her husband, led the swimmers most of the way, but was forced to second position when a cramp developed in a leg and the salt water caused his eyes trouble. He came 25 yards back of his wife. Prizes of \$50 were awarded both swimmers.

BEDGOOD IS GIVEN SENTENCE OF FIVE YEARS IN PRISON

ASSAULT CASE WHICH ATTRACTED MUCH ATTENTION CAME TO CLOSE THURSDAY

After deliberating since 6:30 o'clock Wednesday night, the jury in the case styled the State of Texas vs. Lee Bedgood, white man, charged by indictment with rape in connection with an alleged assault against Miss Ruby Hammett on May 29, 1926, returned a verdict of guilty just before noon Thursday and assessed the punishment of the accused man at five years in the State penitentiary. Sentence was not pronounced against him by District Judge Hawkins Scarborough. He was remanded to the Navarro county jail. It is not known whether a motion for a new trial will be made to the court or not. The arguments of the attorneys were completed Wednesday afternoon late and the case was given the jury. The order of arguments were as follows: The argument for the State was opened by LeGrand J. Woods, county attorney. The defense opened with the argument of El J. Gibson followed by Fred Upchurch, special prosecutor. W. A. Tarver then spoke for the defense and J. S. Callicutt, special prosecutor, closed the case for the State. The trial attracted considerable attention Wednesday, the main court room, balconies and standing room at the rear of the room and aisles being taken up. The case started Monday. L. A. McCord of Richland was foreman of the jury. Testimony was concluded at the noon hour Wednesday and the afternoon was used in the attorneys' arguments. The case started Monday afternoon with the selection of the jury and the beginning of the testimony. The accused plead not guilty and entered an application for a suspended sentence. During the morning Thursday, many spectators were in the court room waiting for the jury to return its verdict. The interest shown in this case is the largest in several months. A large crowd was present at each session of the court. The accused was indicted and tried in connection with an alleged assault against Miss Ruby Hammett, alleged to have been committed on the night of May 29, 1926, near Mildred in the oil field.

GOVERNOR GRANTS PAROLE TO ONE AND FURLOUGH ANOTHER

Austin, Texas, Feb. 17.—Governor Dan Moody today issued two clemency proclamations on recommendation of the Board of Pardons. John Walker, convicted in Bowie county in 1919 of murder and given sentence of from 5 to 15 years was granted parole "without limitation of service to a person or persons." Walker has served five years of his sentence and an opinion from the attorney general's department has held it is mandatory on the board of pardons to recommend clemency in cases identical to his Moody said. Bud Thomas, convicted in Bowie county in 1925 of violation of the liquor laws and sentenced from one to two years, was granted a 30 day furlough in order that he may visit his sick child.

Loans Made Here on Soldiers' Bonus!

To meet legitimate requirements this bank has determined to make to World War Veterans, upon proper identification, loans on notes secured by Soldier's Bonus Certificates. In doing this, it is not our intention to encourage needless borrowing and, in no case, will loans be made where there is no intention to repay them at maturity and redeem the certificates which are increasing in value each year.

They Fought For Us.

Reliable Service . . .

above all else, builds the reputation by which a bank is favorably known. The experience of more than half a century of faithful performance of the work for which it is intended, assure the satisfaction of this bank's service.

The First National Bank

of Corsicana
"The Old Reliable Since 1873"

To Determine Values, Compare Merit

Measured by that standard we welcome whatever results may follow a close investigation of our institution, its personnel and its equipment. We feel that prestige and good will are won only through merit and that there is proof of our merit in our long and growing list of satisfied patrons.

Corsicana National Bank

Corsicana, Texas.
Capital and Surplus Half Million

Londoners insist on the right of day walking. They ignore "please cross here" signs at busy squares. A man on hunger strike awaiting deportation at Newport, Vt., was cured by small candies he was told were pills. Music is as much a part of education as algebra, believes Superintendent Sutton, of Atlanta schools, who has arranged for his pupils to hear symphony concerts. Tom Harrington of Frost was in Corsicana Wednesday.

Indispensable

Once you have started a checking account here and have learned by convenience of paying bills by check, you will probably find your account is indispensable. You will also find that the more money you keep in your checking account, the more convenient your account will be to you, and the better your credit. We cordially invite your checking account on the basis of mutual profit.

Entered in the Corsicana Postoffice
as second class matter.

Rates in Navarro county and
United States, both for renewals
and new subscribers: In advance,
year, \$1.00; six months 75c; three
months 50 cents.

NOTICE.
To those who want their paper
changed from one address to another,
please give old address as well
as new. It will cause less delay
and we can give much better
service to our subscribers.

COMPLIMENTS PAPER

In the course of publishing a
newspaper bricksbats as well as
bouquets are received. The bou-
quets make the bricksbats bearable
and one bouquet will offset the as-
saults of many bricksbats. The
kind-words in behalf of those re-
sponsible for the policies of the
newspaper are always appreciated.

The following letter which has
been received at this office not
only speaks a good word in be-
half of the Corsicana Semi-Week-
ly Morning Light in connection
with its efforts to get good roads
for the county but it also shows
the writer to be heartily in favor
of roads:

"Roane, Texas, Feb. 12, 1927.
"Corsicana Semi-Weekly Light,
"Corsicana, Texas.

"Dear Editor: We consider your
paper always wide awake and pro-
gressive but take this opportunity
of commending you for keeping be-
fore your readers at all times the
need of better roads for Navarro
county.

"Believing the press to be one
of the strongest factors in mould-
ing public sentiment I think this
service will be of untold value in
bringing Navarro county out of the
mud.

"Yours for continued success,
MRS. E. P. ESTES.

SOCIAL LIFE IN THE COUNTRY

One hears considerable these days
about the lack of social life in the
rural districts and the drabness
that accompanies living on the
farm. It is likely that these con-
ditions are exaggerated, or the life
in the cities and towns is so magni-
fied in attractiveness that the com-
parison creates a feeling of dis-
content on the part of country
folks.

It is true that urban communities
offer many inducements to pleasure
that are not found in the rural dis-
tricts, but when it is considered
that all life is relative—that its
appreciation depends upon compar-
ison with something else—the
country still has many things to
offer that are worth while.

The singing school, the writing
school and the spelling bee are not
as plentiful as they should be, for
they would contribute to an appre-
ciation of the things that make life
in the country attractive. It is
certain that Cupid can carry on his
designed work at one of these
meetings in the country even more
effectively than in the movie shows
of the city.

It may be too much to urge resi-
dents of the rural districts to in-
crease the attractiveness of their
social life by a return to some of
the things that meant so much to
country people of other days, just
now when the lure of the city is
so strong; but the time is coming
when the trend will be toward the
country, and many of the ideas
learned in the city will be adopted
in the country.

Better roads, rural mail, the
telephone and the increasing num-
ber of automobiles will have their
effect in making life in the coun-
try more attractive.

LOYALTY TO CORSICANA

Loyalty is the sinboleth that has
opened more avenues to the at-
tainment of hopes and ambitions
than anything else. Constant
faithful fidelity will ever merit and
receive its reward, and this is
equally true in every phase of life.
It matters not what your vocation
may be or part played in that work,
the same loyalty is expected and de-
manded. The call comes to the la-
borer with the same insistence as
to the executive.

In the home life, loyalty is the
resame which opens and keeps
wide the door to happiness and
contentment. It assures the cem-
enting of love and affection of

parents with each other and with
their children.

Imagine what would happen if
the employees of a bank, its cashier
or file clerk, were to be responsible
for the circulation of a report that
the institution was short of cash
or otherwise in trouble, or of a
clerk in a mercantile establishment
telling customers that their prices
were in excess of what should be
charged or that lack of funds was
handicapping his employer. The
result would be instant dismissal.
He would be told to get out and
stay out.

And so we come to Corsicana.
Your home, the home of your fam-
ily and friends, of your business
and employer. The home that is
truly entitled to your loyalty. Are
you absolutely loyal to the city,
its churches, schools, organizations
and agencies for the moral and
physical betterment of its people
and business establishments. You
may knock, be disloyal without
having meted out to you the fate
of the unfaithful employee. You
will receive the righteous condem-
nation of the good citizens. You
will be denied that by them which
should be of greater value than
gold; their approval and praise.

Let loyalty be your watchword.
Disloyalty is dishonor.

SUPPLYING THE WORLD

American domination of the
world's business daily becomes
more pronounced. In many new
fields of foreign business this
country is taking the lead. Amer-
ican goods in some instances have
forced foreign goods off the domes-
tic markets of the latter. Every-
where American manufacturers are
overcoming foreign competition.

The British government has di-
vulged that the once thriving
moving picture industry in England
has virtually disappeared. Ameri-
can-made films are now being
shown almost exclusively in Eng-
lish theatres. American movies
are also predominant in other
countries.

It has long been known that farm
machinery manufactured in the
United States has a virtual mono-
poly of many foreign markets and
that American made automobiles
are being purchased in vast num-
bers on every continent.

The United States is so impor-
tant a factor in the world of busi-
ness that it produces the bulk of
the world's manufactured products
and consumes the bulk of the
world's production of raw materials.

EVEN PRODUCERS WAKE UP

It is wholesome news of the
theatre that comes from New York
these days, which means it is
wholesome news for the entire
country, inasmuch as New York is
still the show-producing center of
the country. Producers, actors and
public officials have declared that
the filthy show must go, and are
taking active measures to see that
it does go, and its place filled with
productions of high quality.

It is the public which has cre-
ated this condition. Julia Marlowe
makes this point forcefully when
she refers to the hundreds of little
theatres, and thousands of church
play societies as *deus in great part*
to public revolt against indecency
on the stage. The fact that New
York's district attorney plans a vi-
gorous campaign to send offending
producers to jail may be attributed
to public demand.

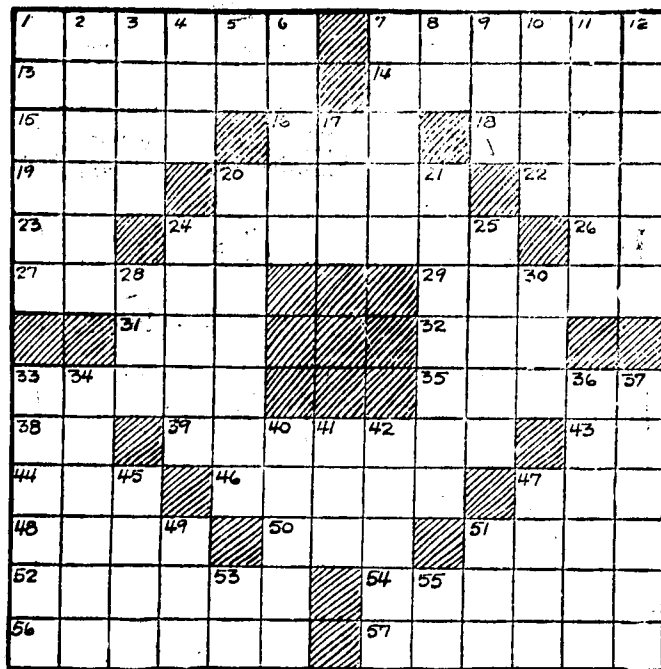

Frank Leo Short, president of
the American Theatre Association,
is elaborating a plan to run a suc-
cessful show five days a week and
a Shakespearean production on the
sixth. There is no reason to be-
lieve that the Shakespearean per-
formances, if intelligently read and
artistically presented, should not be
successful. Nor is there any reason
why the plays of other master-
dramatists should not compete
with the Bard of Avon.

There is no richer field in liter-
ature than that of the drama. There
is no excuse for vulgarity or taw-
driness in view of the wealth from
which producers may choose. The
public realizes this, and wants the
best. That is the answer to the
present agitation.

Through the enterprise and pro-
gressiveness of several local doc-
tors Corsicana is to have a mod-
ern hospital and clinic at an early
date. The work has already started
and will be rushed to an early com-
pletion. The project represents
an expenditure of approximately
\$75,000 and will be known as the
Corsicana Hospital and Clinic.
These medical men are evidencing
their faith in the future greatness
of Corsicana as well as providing
a modernly equipped clinic which
has long been needed in this city.

Old Sol, in all his glory, ven-
tured forth Sunday for the first
time in many days and Corsicana
motorists were quick to take ad-

Today's Cross-Word Puzzle

HORIZONTAL

- 1—take out

vantage of this opportunity to go
riding. Although the ride was lim-
ited to the paved streets of the
city, as the country roads are still
impassable, the outing was thor-
oughly enjoyed and hundreds of
automobiles crowded the paved
thoroughfares the entire after-
noon.

Attend the good roads meeting
Wednesday at 10 a. m. at the
Chamber of Commerce. The good
roads question is a most important
one and a question that has a vital
bearing on every resident of Na-
varro county. This delay of road
building in Navarro county is
proving costly to the taxpayer.

Pimples, Boils, Skin Eruptions

Skilled physicians recognize the
appearance of pimples, boils and
other skin eruptions as being an in-
dication of an abnormal condition
of the system. This is why so
many thousands have been enabled
to free themselves of these unsightly
blemishes and painful annoy-
ances by taking a course of S.S.S.
You owe it to yourself to try S.S.S.
It helps Nature build up red cor-
puscles. It improves the process
by which the blood is nourished.
It is time-tried and reliable.

● I suffered from impure blood—
was weak, and I had lost so much
weight. I didn't look natural. I had
pimples and was also bothered with
a breaking-out that itched terribly.
I also had boils one after another.

I tried different kinds of remedies,
but nothing did me any good until a
friend advised me to take S.S.S.,
which I did. This was some time
ago. Now I feel well, and I am get-
ting along fine. S.S.S. stopped the
itching and it cured me of boils. I
advise all weak and run-down peo-
ple to give S.S.S. a trial. It clears
up the skin and makes you strong
and fills you with energy." Mrs. J.
W. Baker, 1337 Walnut Street, Cin-
cinnati, Ohio.

S.S.S. is made from the fresh
roots of medicinal herbs and plants
and is prepared in a scientific way
in a modern laboratory.
S.S.S. is sold at all good drug
stores in two sizes. The larger size
is more economical.

DARK CONTINENT IN GRIP VIRULENT EPIDEMIC OF FEVER

By Associated Press.
London, Feb. 15.—At
least sixty thousand deaths
have been caused, says a
Cairo dispatch to the Daily
Express, by a virulent epi-
demic of relaxing fever
which has been creeping
across the continent of Africa
from west to east, the last
few years.

The disease, which is car-
ried by vermin, appeared at
Wadai in 1921 and spread
over an area of 3,000 miles
in Western and Central Africa.
The dispatch says it is
now extending into Kordo-
fan and Central Soudan.

MYSTERY SURROUNDS SLAYING OF WOMAN AND YOUNG CHILD

By Associated Press.
Conneaut, O., Feb. 15.—Floyd
Hewitt, 16, a farmer boy living di-
rectly across the road from the
home of Frederick Brown, near
here, confessed late today to coun-
ty authorities that he killed Mrs.
Brown and her five-year-old son
last night.

By Associated Press.
Conneaut, Ohio, Feb. 15.—Auth-
orities today were puzzled by the
slaying of Mrs. Fred Brown and
her four-year-old son. They were
found clubbed to death in their
home by Brown when he returned
from work last night.

Money and other valuables in
the house were untouched. Brown
said that he had no enemies who
might seek revenge.

The woman's body, with her
clothing torn to shreds, was in a
sleeping porch. The boy's body
was found in the basement. Walls
of the house were splattered with
blood and a blood-stained baseball
bat was in a wastepaper basket.

PARDON GRANTED BY GOV. FERGUSON WILL BE BASIS OF ATTACK

By Associated Press.
San Antonio, Texas, Feb. 15.—
The pardon power of Miriam A.
Ferguson while governor will be
attacked in a test case by District
Attorney C. M. Chambers of Bexar
county starting March 4 in Thirty-
Seventh District Court before Judge
W. S. Anderson.

The point in the test case is:
"Has the governor of Texas the
power to pardon a man while his
case is still pending before the ap-
petate court?"

Personal invitations to attend the
hearing have been mailed by Cham-
bers to the District Attorneys of
Galveston, Houston, Dallas, Fort
Worth, and other Texas cities. He
requested that the newspapers ex-
tend invitations to all other Dis-
trict and County Attorneys of the
state to attend the hearing.
Herman J. Schultz, principal in
the test case, was convicted on a
charge of theft by baillee, to which
he pleaded not guilty. While his
case was on appeal, and one day be-
fore Governor Ferguson went out
of office she granted him a pardon.
Two days after the governor went
out of office the appellate court af-
firmed the conviction and issued a
mandate on which Schultz has been
re-arrested. He has been released
on his own recognizance, until date
of the hearing.
The test case, Chambers said,
may have a far reaching effect.

JANUARY HEAVY
MONTH FOR UNITED
CHARITIES BODY

The bad weather in January tripled the work of the United Charities Association in rendering aid to poverty stricken families over all months in other years. Miss Augusta Helm, secretary, stated Tuesday morning. For several years the number of families applying to the United Charities Association has averaged around thirty, she said. In January of this year the actual number of families receiving help was 82.

Unemployment among people who really want work has been a great factor in bringing this number of calls for aid, Miss Helm declared. Applications for work received numbered sixteen. Of this number five were given employment.

Groceries and clothing were two other important factors in heaping up the burdens on the United Charities. Eighteen families were furnished with both clothing and groceries.

Due to the long rainy and cold spell, wood and medicine and board and lodging added 29 cases to Miss Helm's work.

The nature and number of the cases for the month are:

Number of families, 82; groceries to 18 families; clothing to 18 families; medicine, serum, antitoxin, 10; board and lodging to 9 individuals; wood to 10 families; milk to 4 families; water to 1 family; rent for 2 families; gas for 2 families; legal cases, 2 families; delinquent girls, 2; furniture to 1 family; county cases, 8 families; applications for work, 16 individuals;

FRENCH REPLY U. S.
NOTE DISCUSSED IN
FRENCH NEWSPAPERS

By Associated Press. Paris, Feb. 16.—The French government's friendly and courteous reply, which at the same time, is both firm and dignified, exactly reflects the sentiments of the nation," said Excelsior today.

The paper thus summed up the views of all the newspapers on the French answer to President Coolidge's proposal for limitation of naval armaments.

Figaro said: "It is impossible to admit that our country, deprived of the guarantee pact which was to assure the peace of Europe, should not have the right to provide itself for its own security. The government, indeed, does not say that, but the entire French public thinks it."

L'Ouvre, organ of a section of the radical party, asks if the United States, "sure of being beaten," will withdraw its delegates from the preliminary disarmament commission at Geneva.

"Nothing could show better" it says, "that they (the United States) are less anxious to general disarmament and peace than to assure to themselves at small cost supremacy on the seas."

MILLS-GARITTY ARE
DRILLING ON 130TH
WELL EAST OF CITY

CONSIDERABLE ACTIVITY IN
SHALLOW AREA NEAR
CHAMBERS CREEK

Mills and Garitty spudded in on their No. 130th well Wednesday morning about three miles east of Corsicana on the Kerens road. Surface casing was set at 22 feet. Three nice shallow wells have been brought in within the last two months on the Mills-Garitty tract and are now on the pump making around ten barrels a day. This well also be a shallow well going to the 1,100 foot depth.

There are about 450 acres in this tract. It was learned, the first well which was spudded in back in 1893 when Corsicana was favored with her first oil boom. Since that time Mills and Garitty have constantly been drilling wells over this tract and others.

Two wells are now drilling on the Chambers Creek district, casing has been set on another, with two more making preparations to rig up.

The G. C. Kent, Hardy No. 11, drilled by Charlie Kessinger, was drilling around 1,100 feet Wednesday evening in shale and boulders. It is thought that they will reach the oil sand today which has heretofore been found in other wells in this district around 1,250 feet.

DeArman Brothers, drillers and contractors, were drilling around 280 feet on the T. G. Towns No. 1, Wednesday evening in shale. This well will be a shallow one and is right on the bank of the Chambers Creek, and is just across the Kerens road from the Hardy No. 11. Neither well is over 150 feet from the road.

The Magnolia Petroleum company has had trouble in cementing their Rufus Hardy No. 3, and have cemented three times. They cemented last Monday and are expecting to drill the plug Thursday. Casing was set at 1,256 feet.

A derrick has been built on the Stout farm for the Magnolia company and everything is now in readiness for rigging up. The well probably will be spudded in late this week, or nearly next week.

Garland Kent's Hardy No. 12, is all rigged up and ready to spud in as soon as the slug pit is completed.

The roads between Corsicana and these wells are in fair shape with a few bad stretches and are travelable. The county is working the roads in the worst places and grading down the rough places.

LIEUT. GOVERNOR
BREAKS TIE VOTE
FOR REFERENDUM

RESOLUTION CALLED FOR
SUBMISSION OF REPEALING
TEXTBOOK LAW

By Associated Press. Austin, Texas, Feb. 17.—A resolution calling for a referendum on the question of repealing the Texas free text book law lost in the Senate today when Lieutenant Governor Barry Miller, voted against it, breaking a tie.

The vote was the closest of the session. Senator Fairchild of Lufkin, who spoke for the resolution, changed his vote from yes to no when it became apparent that there would be a tie. This move was made to give him a chance to move for reconsideration.

After a moment's reflection, however, he switched his vote again, thus producing a tie and leaving the decision to the speaker. Miller voted no, defeating the resolution 16 to 15. The vote was on engrossments.

House Votes Down
School Tax Levy

By Associated Press.

Austin, Texas, Feb. 17.—Wrangling for two hours today on the question of increased taxation and the needs of schools, the House voted 75 to 42 against levy of a fifty cent school tax proposed in a resolution seeking broad reforms of the Texas school system.

The resolution, introduced by Representative Brown, covers several of the recommendations made by the education survey committee appointed by the 38th Legislature. Only the tax provision had encountered opposition before the noon recess, however. Representative Veatch of Johnson county offered the amendment to strike out the tax feature and argued that "this is just another scheme for more taxes under the guise of helping the rural schools."

The Kemble bill to provide increased membership of party executive committees so as to insure persons composed equally of men and women was definitely side tracked when the House denied a motion to print on a minority favorable committee report.

Ferguson Question
Again to Front

By Associated Press.

Austin, Texas, Feb. 17.—The question of whether "he" or "she" did the vetoing during the administration of Governor Miriam A. Ferguson came up on the floor of the Senate during the discussion of the free textbook law.

Senator Fairchild of Lufkin, who has voted against the opponents of the Fergusons on several roll calls, declared:

"I told Ferguson that he should veto the special school appropriation made by the last Legislature." Senator Love of Dallas, author of a bill that would repeal the amnesty granted James E. Ferguson was on his feet in an instant.

"Did I understand the Senator to say he told James E. Ferguson 'he' should veto the appropriation?" Love inquired.

"I am sorry the Senator from Dallas is so dense," Fairchild replied. "I thought everyone knew that in law 'he' is 'she' and 'she' is 'he'."

Referendum On
Revision of Courts

By Associated Press.

Austin, Texas, Feb. 17.—The Senate today passed to third reading a resolution proposing a referendum on the question of revising the higher courts. The resolution provides for a Supreme Court of nine members, a Court of Criminal Appeals, consisting of from three to five members, and not to exceed 36 judges of Courts of Civil Appeals, the total number to be assigned to such districts and in such numbers as the legislature may dictate.

The bill came up in its regular order after the Senate had disposed of everything on the calendar above it. Fairchild immediately moved for unanimous consent to consider out of its regular order his bill to permit farmers to vacate their own hogs.

It was pointed out that his bill was the next measure on the calendar after the anti-amnesties measure and his motion lost. He then moved to recess and yielded the floor to various Senators to send up committee reports, and bills until it was near enough noon to recess.

The bill is pending order of business and will be considered when the senate reconvenes at 2:30 this afternoon.

LUFKIN SENATOR
AGAIN STOPS VOTE
ON AMNESTY REPEAL

By Associated Press.

Austin, Texas, Feb. 17.—The Senate again failed to vote on the repeal of the Ferguson amnesty act today when the noon recess intervened after Senator Fairchild of Lufkin had staved off a vote for a few minutes with parliamentary tactics.

The bill came up in its regular order after the Senate had disposed of everything on the calendar above it. Fairchild immediately moved for unanimous consent to consider out of its regular order his bill to permit farmers to vacate their own hogs.

It was pointed out that his bill was the next measure on the calendar after the anti-amnesties measure and his motion lost. He then moved to recess and yielded the floor to various Senators to send up committee reports, and bills until it was near enough noon to recess.

The bill is pending order of business and will be considered when the senate reconvenes at 2:30 this afternoon.

Rev. H. J. Ellis went to Dallas Wednesday to attend a meeting of the Deacons committee on extension of the Bishop's Crusade.

NEW COURT WILL
BE FORMED RESULT
OIL DISCOVERY

By Associated Press.

Austin, Texas, Feb. 15.—The House voted today to concur in a Senate amendment to Representative Satterwhite's bill providing a new judicial district, the 84th, in the Panhandle.

The new district will coincide with or "blanket" as Satterwhite explained it, the present 31st district composed of the counties of Carson, Hutchinson, Hansford, Ochiltree, Lipscomb, Hemphill, Roberts, Gray and Wheeler.

Representative Gray of Lipscomb county, opposed the new court, declaring it was not needed, while Satterwhite contended that oil development and other growth in the Panhandle makes additional judicial machinery imperative.

HIGHWAY ACROSS
UNITED STATES TO
SOUTH AMERICA

By Associated Press.

Washington, Feb. 17.—A great pan-American highway, extending from the Canadian border to Southern South America, is regarded by the Senate roads committee as within the realm of practicable possibilities.

The committee reported today a bill by Senator Cameron, Republican of Arizona, for creation of a commission to look into the question. The road would run from Detroit to Argentina.

"Such a highway will have a profound influence on international relations," said the committee report, "increasing amity and promoting lasting friendship, and will augment trade and transportation facilities fully 100 per cent during the first year of operation."

SENATOR HEFLIN
BRINGS RELIGIOUS
ISSUE UP AGAIN

By Associated Press.

Washington, Feb. 17.—Senator Hefflin of Alabama again was told by one of his Democratic colleagues today the Senate had heard enough of the religious issue.

When the Alabama accused Senator Bruce of Maryland of seeking to consolidate the French spoliation bill with the bonus loan bill, Bruce replied:

"The Senator from Alabama has indulged in the loose and lavish language which marks pretty nearly all of his utterances. He accuses me of bringing in a bill 100 years old and I might say that he has brought in here an issue 600 years old—the religious issue."

"And I'm going to have something to say to the Senator about that issue later," returned Hefflin. "No doubt the Senator will," retorted Bruce. "He never knows when he has spoken enough."

FORMER RESIDENT
OF NAVARRO COUNTY
DIES SAN ANGELO

By Associated Press.

E. P. Jones, 77 years of age, died at the home of his brother M. B. Jones at San Angelo Wednesday night, according to word reaching here Thursday.

Mr. Jones was well known in Navarro county, having resided here over 50 years. He was a Baptist minister and preached in this county 40 years. He has made his home in San Angelo during the past six years.

A niece Mrs. Willow Franks resides about four miles south of Corsicana.

CITY FATHERS END
MEETING IN FAST
ONE ROUND BATTLE

By Associated Press.

Edgewater, N. J., Feb. 16.—Pel-low townsmen of Mayor Henry Wissel have become so aroused over the question of allowing him to direct city affairs while he is serving a sentence in the Atlanta penitentiary that a council meeting last night called to discuss the matter, ended in a free for all fist fight.

Mayor Wissel and the chief of police and two policemen were convicted recently of complicity in a run conspiracy. Mayor Wissel and Police Chief Dinan were sentenced to a year and a day and jail sentences for the policemen were suspended.

M. J. McDonough, leader of the anti-Wissel faction, attempted to address the council while it considered the appointment of a committee to study the legal requirements for the mayor's continuance in office.

McDonough was ruled out of order twice and the fight began with McDonough the center of battle.

Six policemen were unable to quell the disturbance and other patrolmen and firemen were called in.

The fight was started after 15 minutes. No arrests were made but both sides exhibited blackened eyes and bruised jaws. McDonough was seriously hurt.

The council appointed the commission to investigate the possibility of Wissel's retention as mayor. Police Chief Dinan and the two officers were suspended pending the outcome of appeals.

EXCITEMENT FROM
SMOKE CAUSED NEGRO
PATIENTS VACATE

Considerable excitement was caused in the negro ward of the Navarro County hospital, where ten patients were abed, when an electric wire shorted in the second story Thursday morning about 10:45. The shorted wire caused smoke to rise from the house as though the whole roof was on fire. Several patients who have been in the hospital three or four weeks thinking themselves not able to walk jumped out of bed and ran out of the house. Ten patients were carried out by nurses and help of others.

A fire alarm was sounded and the firemen from the Central station immediately rushed to the scene. A long line of fire hose was set, but by the time the hose was hooked up the fire was out.

The firemen had just returned from a run out of 1601 East Sixth avenue where a fire in the home of Billy Jones, negro, was extinguished by the time the fire department arrived. No loss was suffered in either fire.

Mrs. Robert Davidson, who underwent an operation for appendicitis at the County Hospital Wednesday night, is resting well today.

LIMESTONE COUNTY SHERIFF SAYS BOOTLEGGERS MUST GO; JAIL IS MODERN STRUCTURE

Special to the Sun.

Mexia, Texas, Feb. 14.—"No matter how attractive county jails may be, the normal human being does not care a thing in the world about breaking into them."

"Well, I don't know about that," said Sheriff A. B. (Boss) McKenzie, when this observation was made to him in Limestone county's well-kept and well ordered jail at Groesbeck, adding: "It seems like lots of folks get in here needlessly."

"In our county, for example, I went on 'it' seems to me that when a man goes into the bootlegger business that he is just accepting his own invitation to go to jail. We are as determined as ever to put the bootlegger out of the running in Limestone county, for we who have to make arrests and whose oaths call upon us to enforce the law that use the or sale of illicit whisky is the cause of most of the crime in the county."

"Boss," as he is yet called by his friends, although he has been sheriff now for more than a month, made his campaign on a promise to enforce law and to make bootlegging unpopular.

"Has your first month lost you many friends?" he was next asked.

"O! I don't know about that. We love our friends, but we have a duty to perform, and perhaps in doing it we lose some friends."

"Has your first month in the office been very nerve-racking?"

"Not at all. Our experience in the work of a deputy made us get accustomed to the business and we can't afford to let it unnerve us," he explained.

"Well, how have you in here now?" the sheriff was asked, pointing around to the well kept cages in the county jail.

Jail is Consulted

"Come here, Mr. Simmons," Boss called to the new jailer, "this gentleman wants to know something about the jail population of our county."

J. S. Simmons, formerly a farmer of the Big Hill community, has been jailer during the present year.

"We have seventeen now," Mr. Simmons said.

"What are they in here for?"

He enumerated: Two for murder; three for burglary; one for forswearing and one professional drunk.

"Who is the woman and what is she charged with?" the jailer was asked, as the figure of a woman was noted out in the resident part of the jail.

"She is a lunacy patient," Mr. Simmons replied, "and Mrs. McKenzie, wife of the sheriff and one of the most tender-hearted and helpful women you ever met takes particular pains to see that this unfortunate woman is accorded every good treatment possible."

"Have you any other women in here?"

"Just one, a negro woman charged with forgery."

Eight Were 'Regulars'

Of the seventeen inmates of the county jail, eight are what are known as regulars. They were in the jail before Boss McKenzie went into office, the one charged with rape having been in for a year and a half.

In many counties of the state, where the population and growth have reached what might be termed a settled basis—in other words where there is little increase or growth, grand juries meet and in most cases their reports consist of the mere statement that "we visited the county jail and found it in need of a new door knob, but otherwise it was in good shape and well managed."

To the one visiting the Limestone county jail it is at once evident that the grand juries of Limestone county can well afford to turn their attention to other things, to lawlessness outside rather than to the condition of the jail.

Jail is Modern

The Limestone county jail is a large two-story brick building north of the abandoned court house. In the resident part of the building Sheriff McKenzie and his family live. The cages of the jail proper have recently been given a fresh coat of paint; the beds are all well cleaned and the bedding laundered. The prisoners are fed twice daily, at 8:00 a. m. and at 2:00 p. m.

Mrs. McKenzie sees after the food. Fifty cents daily is allowed for food for each inmate. At breakfast, meat and bread form the chief dishes on the fare, and at dinner, beans, cabbage, corn bread, etc. The meals are well prepared and are served to the prisoners in their cages.

"The bunch is easy to get along with," said the sheriff in remarking about the prisoners now in jail, "and we hope that they leave here, wherever they do and if they do," he added, casting an eye over toward one man, charged with murder, that they will go out to be better citizens."

During the first month in the office of sheriff, Mr. McKenzie reports that his department has credited to it arrests as follows: Thirty-five misdemeanor cases, seven bootleggers, three thefts, and five

The Rent We Owe to the Church

Comment on the Uniform International Sunday School Lesson for
February 20, 1927.
Read Mat. 5; Acts 2.

WM. SOUTHERN, JR.

SERVING IN AND THROUGH THE CHURCH

Mat. 5: 13-16; Acts 2: 42-47.

Mat. 5: 13. Ye are the salt of the earth; but if the salt have lost its savor, wherewith shall it be salted? It is thenceforth good for nothing, but to be cast out and trodden under foot of men.

14. Ye are the light of the world. A city set on a hill cannot be hid.

15. Neither do men light a lamp, and put it under the bushel, but on the stand; and it shineth unto all that are in the house.

16. Even so let your light shine before men; that they may see your good works, and glorify your Father who is in heaven.

Acts 2: 42. And they continued steadfastly in the apostles' teaching and fellowship in the breaking of bread and prayers.

43. And fear came upon every soul; and many wonders and signs were done through the apostles.

44. And all that believed were together, and had all things common;

45. And they sold their possessions and goods, and parted them to all, according as any man had need.

46. And day by day, continuing steadfastly with one accord in the temple, and breaking bread at home, they took their food with gladness and singleness of heart,

47. Praising God, and having favor with all the people. And the Lord added to them day by day those that were saved.

Golden Text.—We are God's fellow-workers.—1 Cor. 3:9.

(Text is from the American Standard Edition of the Revised Bible copyright, 1901, by Thomas Nelson & Sons, and used by permission.)

Speaking of churches.

I am not nearly so much interested in the early church, the church of the days of the apostles and in the days of Paul, as I am in the churches of today.

In a church, many years ago one of the congregations always referred to the other as the "brick and mortar" church. Some churches are just that, brick and mortar. At every service in some form or another money is always the topic. The argument goes around in a circle, we want a new and finer building in order to get more members in order to have a bigger and finer building. All sorts of devices are used, sensational subjects are chosen, entertainment is provided and after the service the audience troops out and we hear "We beat last Sunday's record, we had fourteen more present."

As we say in country papers "A good time was had by all."

Jesus said as quoted by Matthew: "Ye are the salt of the earth; but if the salt hath lost its savor, wherewith shall it be salted? it is thenceforth good for nothing."

GOVERNOR MOODY'S PRISON MESSAGE IS READ BOTH HOUSES

By the Associated Press.

Austin, Texas, Feb. 16.—Payment of \$1,136,729.91 outstanding indebtedness against the state prison system by special appropriation was recommended today by Governor Dan Moody in a message read to the House and in part to the Senate of the 40th Legislature. That portion of the message not read to the Senate was ordered printed in the journal.

Payment of \$1,136,729.91 outstanding indebtedness against the state prison system by special appropriation was recommended.

An appropriation to pay the current debts of the system between now and September 1, also was recommended.

"For the future, the prison commissioners should be required to deposit all receipts from the operation of the state prison system in the state treasury to the credit of the general fund," the message continued.

"The prison commission then should present a budget to the Legislature of the money needed for the operation of the system and that money should be made available to them, but the receipts of the system should be deposited to the credit of the general fund."

Moody said on February 1, the \$750,000 Brown-Crummer penitentiary note was paid but at the present time the state is paying seven percent on more than \$700,000, and that "it occurs to my mind that six percent is a high rate of interest for the state of Texas to have to pay on its obligations."

Moody reiterated his suggestion that an act be passed providing for the creation of a prison board without salary. An executive officer should be charged with the management of the system and "its affairs should not be entirely removed from the Governor's control," he said. "Therefore, I suggest the proposed board, with the consent of the governor, be given power to select a manager."

Governor Moody's attitude on the debt "inheritance" of the present administration is shown in excerpts from his message.

but to be cast out and trodden under foot of men."

This was said about the early church and to the new members. The saying holds good to this day. I do not know of a more useless thing in a community than a church which has ceased to function as such, which has become merely an organization, which uses up all its income to pay the preacher and the choir and for running expenses.

I know of one church in a large city where the budget includes a greater sum of money for home and foreign missions than for operating expenses. It is worth remarking also that this church always has plenty of money for operating expenses, a large attendance at its meetings and is an enormous influence in the community. This church has not lost its savor. Its salt is not lying hidden in a pile in the back yard where it mixes with the dirt and is soon fit for nothing else but to make a foot path.

Not far from where I live is a county seat town. When the town first got an electric light plant it placed at the very top of the court house tower a large light. For many miles this light may be seen and those familiar with this territory watch for this light and when they see it, though it is many miles distant, they know just where they are and say to one another, that is the light on the liberty court house. The most brilliantly lighted place in every city is the modern picture show and the next is the filling station. Drive into almost any city in the early evening and you will pass the picture shows and the filling stations glowing and sparkling with many lights and presently you will pass a fine church building which you can hardly see in the dark. There is as large or a larger investment in the church building than in the picture show, but it is dark and some of them are used but once or twice a week.

It was once driving across the level distances in Minnesota in the early morning. The sun was just reddening the sky with its widening rays. And then suddenly above all else, seemingly suspended in the air, I saw a golden cross reflecting the rays of the sun which had not yet risen to view on the horizon. It was the cross on a Catholic church, announcing God's message of the coming day.

It seems to me it would be a fine thing if on the steeple of every church was placed a light which might be seen from afar and which in the years would become a landmark and all men would know that the light from the church people would first greet them as they come into the city.

The church is something more than a meeting place, something more than an institution of civic good, than an every church should be that, it is something beyond brick and mortar. The church is or

from the message.

"The accounts of the prison system and its history over the past few years clearly demonstrate that fundamental evils exist in the organization."

"The cause of these losses cannot be attributed to a single thing, but there are likely a number of causes which have contributed to the present financial condition of the system. To state the amount of money which has been lost in the management of the system is sufficient to convince the ordinary mind that there are fundamental evils which must be reached and corrected before the state can expect its prison system to be placed upon a self-supporting basis."

"The people of Texas are acquainted with the losses that the prison system has suffered and the amount of their tax money that has been taken to meet its obligations, and having knowledge of this condition, voted to amend the constitution that remedial legislation might be passed, and placed upon the Legislature the duty of carrying their expected will into effect. There is but one conclusion which can be drawn from the adoption of the amendment and that is that the people desire a comprehensive reorganization of the properties and management of our penal institution."

FORMER GOVERNOR THROWS DOWN GAGE OF BATTLE TODAY

By Associated Press.

Austin, Feb. 16.—Apparently re-entering politics, former Governor James E. Ferguson today charged that an "unholy alliance of oil, Ku Klux and prohibition" is backing the pending anti-amnesty bill affecting him, to smooth the way for a McAdoo presidential boom in Texas.

"I accept the gage of battle," Ferguson declared, "and call to arms every liberty-loving voter to give battle to this crowd run by the special interests, the Ku Klux and prohibition fanatics."

The Love Senate bill to repeal the law restoring Ferguson, impeached former governor, to political citizenship was introduced yesterday with predictions of final passage.

This "alliance," Ferguson said, "has said that it is none of the

should be the "Spiritual Power House" the place from which radiates the beams which light up the cross in our hearts for all men may see."

I am sure that at one time or another each of you who read this has felt the spiritual influence which in a church. I am sure that many of you have had very real visions and that you know that in that place you had been with God.

Isaiah, the prophet who was blind and downcast, because of the death of his master, found his great vision in the temple. He saw the glory of God, the cherubim and the seraphim and his soul was purified as if a coal of fire had been passed over his lips. Isaiah came away from the church to undertake a far greater work than any he had ever been able to do as a great prince.

Some one has defined service as the rent one pays for the privilege of living in a community. We all agree that the man who will not pay his rent is not a good citizen. Yet it seems that a great many do not pay any rent for the service which the churches do in a community. I do not care whether you belong to a church or not I will venture to say you would not live in a city where there are no churches. You would not buy a home in such a city nor go into business in such a city. You willingly admit this. Then you owe rent to the churches.

You are not a good citizen because you are willing to accept the advantages which churches bring, to live under their shadow, to rear your children where Christianity as built civilization and civic pride and where the majority of the people are law abiding, but you feel no obligation whatever to help support the institution which makes all these things possible, which has brought our civilization from the time when might was right to the day of right because it is right. I have heard men boast that they were not church members but that they were just as good as church members and one of the proudest boasts these good citizens make is that they always pay their debts and owe no man anything. This may be true but how about God? Have you paid your share of your rent to the great church of God, because of which you are able to live in peace and happiness and civilization?

Who owns the church? Not the preacher who serves in the pulpit, at the bedside or at the open grave. Not the board of trustees in whose name the title may stand. Not the janitor who has charge of the fires and the electric sweeper.

It is my church and your church. It is God's church. It is the place where we may forget the struggle for money and for power, forget the civic organizations, forget our hates and our disappointments and come into the spiritual communion of immortal souls with God.—The Republic Syndicate.

people's business and that the voters of Texas shall not be allowed to vote for me in case I should run for office. I am not grieving and like the fellow that was kicked by the jackass, I consider the source and go ahead."

"Every Ku Klux in the Senate either voted for the Love bill or present and not voting. Nobody will be deceived by the silent influence that is at work to assassinate every man who has stood in the way of that crowd."

"Tom Love thinks that if he can put an end to me and my friends politically, it will be easy for him to get the next delegation to the Democratic convention for McAdoo and this move in the Senate against me is but a prelude to that contest which is brewing in Texas."

"I accept the gage of battle and now call to arms every liberty-loving voter of Texas to give battle to this Love-McAdoo crowd run by the Ku Klux, special interest and prohibition fanatics. I here and now denounce national prohibition as the biggest farce and fizzle of this age and I boldly declare that it has produced more fanaticism and more crime and more little men in office than any law that ever was put on the statute books."

HON. T. M. BARTLEY ADDRESSED MASONS CORSICANA MONDAY

Hon. Thomas M. Bartley, Waco, Grand Secretary of the Grand Chapter Royal Arch Masons of Texas, spoke at the Masonic Temple Monday night on Masonry. A large crowd, which included a number of visitors from surrounding towns, heard this most excellent lecture.

The meeting was in the nature of a celebration of the fiftieth anniversary of Bertrand du Guesclin Commandery No. 11 Knights Templar in Corsicana.

Following the address by Mr. Bartley, Sam J. Helm told of the

organization of the Commandery in Corsicana and mentioned a number of men who were prominently connected with the Commandery in its early days. Included in those mentioned were Col. C. M. Winkler, Capt. James Garitty, Gen. John B. Jones, Hon. R. Q. Mills, Col. W. F. Henderson and others. Reminiscences of the early days of the Commandery were also given by Mr. Helm, who also paid a compliment to the high standard of Masonry in Corsicana.

W. M. Huff gave a very brief history of the local Commandery. C. L. Knox spoke on Masonry and also gave some interesting reminiscences of the early days of the local Masonic Lodge.

Several visitors expressed their pleasure of being able to hear the excellent lecture given by Mr. Bartley and stated that they enjoyed hearing of the activities of the Masonic Lodge here in the early

days.

Messrs. Bartley and Helm left Tuesday for a speaking tour in West Texas and New Mexico. They have been invited by the different Masonic bodies of New Mexico to make a tour of that State, giving lectures on Masonry.

TODAY IN WASHINGTON

Congress meets at noon. Senate takes up radio control bill. House tackles farm relief bill. Suit for recovery of Ford taxes continues.

In northern Chile there is a "dry belt" where it has not rained in 25 years.

NEGRO WOMAN 115 YEARS OLD TELLS OF FALLING OF STARS IN 1833; NOW LIVES AT KERENS

Special to the Sun:

Kerens, Texas, Feb. 16.—Using the date, November 13, 1833, when the stars fell like snowflakes, Aunt Charlotte Pierce, an ex-slave ne- gress, who resides in what is known as Goodlow Park, one mile south of Kerens, claims the distinction of being 115 years old.

Aunt Charlotte was born in Kemp County, Mississippi, and came to Texas with her owners, the Pierce family, when a small girl. She gives a brief story of her trip to Texas in ox carts and prairie schooners, guided by the setting sun.

"There were no roads, no trees, no houses; nothing but wild Indians, vast herds of buffalo and varmints of all descriptions," said the black mammy of Ante Beluum days. She said that she was brought by the Pierce family when at the age of 18 months, according to a statement from them when she had grown to womanhood.

"The saddest moment of my life was when my Mistress died. She was 56 years of age at that time, which was after the Civil war," were her words.

Going back to the story of her trip to the one Star State, this out- time ne- gress gave the following narrative: "When it was decided that we would move to Texas all the white people got together and made ready. They agreed that they would all start together and that each family had the privilege of stopping whenever they wanted to. They also agreed that several families would stay together in order to protect themselves from any possible uprising of the redskins.

Small groups of families would join the caravan along the way while others would discontinue the trip to settle on their lands."

Draws Vivid Picture
A picture is vividly drawn in our minds of the slow moving caravan of the "covered wagon" days as the pioneers wended their way westward. A story colorfully told by this faithful servant has much to do with the every day life of the early settlers, the way they appeared in their homespun clothing, coats made of wild animal pelts, and the way they clung to each other, carrying their trusty rifles, ever on the alert for combat with the Indians. The only shelter they had during the night was the blue sky and the stars overhead. Hunting, fishing and living in the open as they came onward, even onward has registered in history many names of those brave, red-blooded Americans.

Aunt Charlotte, when questioned as to there not being any trees in Texas at that time, said there was nothing but mesquite trees and huckleberry bushes. She described the latter as bearing berries of the small "red ball" variety, and that the limbs of the bushes had stickers on them. She also said there was nothing to build homes of, and that their first shelter was made of wagon sheets and quilts.

They settled in what is now known as Tyler, Smith county, and tilled the soil with home-made plows drawn by oxen. They remained in that settlement for years after Tyler was given its name. The place was named after Mr. Tyler, who was prominent among the settlers.

Remembers Mexican War
A most exciting event in Aunt Charlotte's life was the Mexican war. She told of this in her own way, saying that the white people organized companies, grabbed their guns and followed their appointed leaders. She says that they were living among many Indians at that time, but they were friendly. There were two or three tribes of them, but she did not remember the names of the tribes. She spoke of Texas being owned by the red- skins, but that they were driven out by the white people, and that the Mexican war was just another one of the many uprisings she had become accustomed to. There were two boys in the Pierce family, who went to fight the Mexicans, and this good old dame said that she broke down in grief when they left for the war, but that she shouted with joy when she saw them re- turning safely home. She ran out to meet them, putting her arms about them as if they were her own children.

Aunt Charlotte remembers the Civil war very distinctly, and said that Calvin and Riley Pierce were also among the many Texans who helped to make history in a number of battles during that time. Her experiences are many and not far between, which led her to tell of the difference in those days and the present time. She said that their favorite pastime was playing cards and that she still smoked her pipe. She says that the stars still taught truthfulness or in her words, "They were raised with the truth in their mouths," and that they were made to pay when they told a falsehood.

People Different Now
"People nowadays are different. They are too proud, or whatever you may call it. They do not mind telling a falsehood, and I do not know what the world is coming to," she said. "I am an old-time slave, and I am proud of it. I was not glad when the negroes were freed. I did not want to leave my master and I didn't—not until he died. The family was so broken up then that I felt that I should go. I didn't have a home any more, so I went to work for someone else."

(family there were several girls) had married and moved to Henderson, Rusk county, and I went there. I stayed right there where I could be near them until several years had passed. I then removed to Tyler again, where I went to work. I was paid for my work but I couldn't understand it all. I wasn't used to being paid for work. I finally came to Brownshoro Henderson county, and from there to Athens and on to Kerens.

Lived at Kerens 20 Years.
Aunt Charlotte has been in Kerens about 20 years, and is known as living a Christian life. She mentioned many sad events in her life, the death of her husband and a child, but she mentioned also that she had been married twice, and that she is the mother of 10 children. It was not learned how many are living. She has worked for a large number of the older families in this part of Navarro county, and she attributes her old age to the right kind of living. She says that in living a Christian life, God has spared her, otherwise he would have taken her years ago. Her Bible is always handy and now that she is confined to a chair most of the time, she finds much consolation in its pages.

This old, black mammy becomes much excited when telling of past events, and with a four foot stick which she uses as an aid in moving about her room, it is best to select a position five or six feet away from her when you mention the olden days. In her excitement she waves this stick to and fro, and newspaper reporters are in danger when interviewing her from close range.

She counts her age from the time the stars fell, which was in 1833, not mentioning the latter date of their falling in 1866. She was about 20 years of age at that time. In telling of this occurrence she said that the people of today did not know what they were talking about. "The stars did not fall to the ground, as told by them. Everything turned dark, the chickens and birds of the air went to roost, and the falling of the stars looked like hail and vanished before they hit the ground. Fireballs darted back and forth, making a pretty display, but we were too scared to pay much attention to it. We covered our heads because we thought the world was coming to an end."

Notice to Federal Income Taxpayers

For the convenience of those who are required by law to file Federal income tax returns, a deputy collector of internal revenue will be at Corsicana Chamber of Commerce on March 11, 12, 14, 15, 1927, to assist taxpayers in preparing their returns. No charge will be made for this service. The matter of filing your income tax return should be given immediate attention, in order to avoid penalty and interest.

Form 1040A should be used if the income is derived chiefly from salaries and wages and does not exceed \$5,000.

Form 1040 should be used if the income is more than \$5,000, or is derived from a trade or business, including farming.

Your return for the calendar year 1926 shall be filed not later than March 15, 1927, with the collector of internal revenue for the district in which you reside or have your principal place of business.

A penalty of not more than \$10.00 or imprisonment for not more than one year, or both, and in addition, 25 per cent of the amount of the tax, is imposed by the statute for willful failure to make a return on time.

BLANTON FAILS TO SEE JOKE REGARDING FIGHTS AT CAPITOL

By Associated Press.

Washington, Feb. 16.—The era of flying congressional fists found humorous outlet today in a movement to apply the orderly processes of the prize ring to future bouts among Senators and Representatives, but the proposal as presented on the House floor threatened to take a serious turn.

In the midst of a joking discussion of need for a capital boxing commission, Representative Blanton of Texas, who yesterday wrestled with a colleague in a committee meeting challenged two or three of those who were tantalizing him.

The challenge was laughed off and later an effort to erase it from the record failed.

The question was opened on the House floor by Representative Carey of New York. Observing that not one of the three recent punching matches among members of the Senate and the House had resulted in bodily injury, he presented a resolution providing that hereafter all such bouts must go to a finish, under a strictly defined code of ethics. A somewhat similar resolution had been prepared by Representative Gallivan of Massachusetts.

As soon as Carey sat down Blanton interrupted the roar of laughter with a shouted explanation of his committee room encounter yesterday with Representative Bloom of New York.

He declared newspapers had misrepresented him saying he sought to choke his opponent. Striding over to Carey, and waving his finger under the New Yorker's nose he added:

"I have been able to maintain every position I take, mentally, physically, and every other way." Carey nodded most seriously and then Representative Dickstein of New York, suggested that Blanton seemed to be in rare pugilistic condition, and was promptly accepted by the Texan as a potential opponent.

"I'm ready to take you on at any time," Blanton shouted amid the tumult, and when Dickstein said "Not here," Blanton suggested a "conference" in the House gymnasium.

Representative Beedy of Maine, stepped into the arena with a protest that the whole proceeding was "disgraceful." He moved that it be stricken from the record, but Speaker Longworth declined to interfere.

Although Galvin took no part in the fracas on the floor, he previously had engaged his colleagues in the lobby by passing around a resolution which would authorize a boxing commission to conduct an elimination contest for the heavyweight champion of Capitol Hill with Representative Upshaw of Georgia as permanent referee.

The contestants would meet in Statuary Hall, under the paternal eyes of Fathers of the Republic.

Hair pulling and use of hip flasks as weapons would be barred.

TESTIMONY CLOSES ALLEGED ASSAULT CASE WEDNESDAY

Testimony was concluded in the trial of Lee Bedgood, charged by indictment with rape in connection with an alleged assault upon Miss Ruby Hammett, near Midland, May 29, 1926, at noon Wednesday. The arguments of the attorneys was in order immediately after the noon hour. County Attorney LeGrand Woods opened the argument for the State. The order of the arguments were W. A. Tarver, of the firm of Davis, Jester & Tarver, and El J. Gibson of Gibson & Lovett, defense counsel; Fred I. Calhoun and J. S. Callicott of Calhoun & Upchurch, special prosecutors were not known at 2 o'clock Wednesday afternoon.

The charge of the court was presented to the jury.

The defense made an application for suspended sentence. The accused plead not guilty.

The case was started soon after noon Monday and a special venire was summoned in addition to the regular jury for the week. The State rested its case in the rebuttal testimony Wednesday morning at 10 o'clock.

Interest in this trial has steadily increased since its beginning and Wednesday afternoon the main courtroom, balconies and aisles were packed with interested spectators, including a small sprinkling of women. Standing room at the rear of the court room and in the aisles was at a premium and the largest crowd in several months was on hand for the argument of the attorneys as well as for the testimony.

It is doubtful if the case will be completed Wednesday afternoon.

Funeral Services

Mrs. Lela Freeman

Funeral services for Mrs. Lela Freeman, aged 39 years, who died at her home in the Drake community Tuesday morning at 11 o'clock, were held Wednesday afternoon with interment in the Campbell cemetery.

She is survived by her husband, one brother, Ed Poole of Corsicana, and other relatives.

Operated on Wednesday.

Mrs. J. A. Echols, 1221 West Third avenue, was operated on for appendicitis at the Navarro County Hospital Wednesday morning.

Corsicana Has It

INCOME TAX IN A NUTSHELL.

WHO? Single persons who had net income of \$1,500 or more or gross income of \$3,000 or more, and married couples who had net income of \$3,500 or more or gross income of \$5,000 or more must file returns. WHEN? The filing period ends March 15, 1927.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions in forms 1040A and 1040, also the law and regulations.

WHAT? One and one-half per cent normal tax on the first \$4,000 in excess of the personal exemptions and credits. Three per cent normal tax on the next \$4,000. Five per cent normal tax on the balance of net income. Surplus on net income in excess of \$10,000.

YOUR INCOME TAX

To compute the amount of depreciation which may be claimed, a taxpayer should determine the probable life of the property, then divide by the number of years it will be usable in the business in which employed. The result thus obtained will represent the amount which may be claimed as a deduction.

For example, a frame building, the probable lifetime of which is 25 years, cost \$5,000. Divide \$5,000 by 25 and obtain \$200 each year as a deduction.

The value to be cared for by depreciation is the cost of the property if acquired by purchase after February 28, 1913. If acquired by purchase prior to that date the value basis is the cost of the property or its fair market value as of March 1, 1913, whichever is greater.

Depreciation of a home or property used for pleasure or convenience, such as an automobile, can not be claimed.

Depreciation due to changes in the social or business conditions of a neighborhood, or changes of street grade, or fluctuations of market values, can not be claimed.

When in the course of years the owner of property has claimed its cost as depreciation, no further claim will be allowed.

Depreciation does not apply to inventory stock in trade.

The potential earning capacity of an individual, his inventive genius, or his literary ability may not be made the basis of an allowance for depreciation.

YOUR INCOME TAX

Business property kept in repair may be the subject of a depreciation allowance. The allowance for depreciation is intended to cover the estimated lessening in value of the original property, due to the wear and tear, decay, obsolescence, or replacement of the property, in the course of its ordinary use. The cost of incidental repairs, which neither materially add to the value of the property nor appreciably prolong its life, may be deducted as a business expense, provided the plant or property account is not increased by the amount of such expenditures.

If, however, the repairs are of such kind as to make good the depreciation, for example, a new floor or a new roof, the cost is not deductible. The amount expended by a taxpayer, during the taxable year for improvements, replacements, or renewals of a permanent nature is a capital expenditure, and may not be deducted from his gross income for such taxable year. The amount so expended should be charged directly to the property account or to a depreciation reserve account, according to how depreciation charges are treated in the taxpayer's books of account. A pro rata portion thereof may be deducted as depreciation each year of the life of such improvements.

Deductions for depreciation must be made as a separate item of the return, and must be explained by showing separately each class of property, its cost, (fair market value as of March 1, 1913), depreciation charged off for the taxable year, and total depreciation charged off for all taxable years.

Inquiries received by the Bureau of Internal Revenue indicate confusion in the minds of the writers concerning the difference between business expenditures and business expenses. Business expenditures are not always business expenses within the meaning of the income tax law. A merchant may build an addition to his store at a cost of \$25,000. This is a capital expenditure for an addition to his assets. Capital expenditures are not deductible.

Distinction is made between expenditure for an asset and expenditure in connection with an asset. If the merchant should, during the year, spend \$500 on repairs to his building, such as repairing the roof or putting broken windows, he may deduct such amount as a business expense.

Medical, law, or other professional books, machinery, tools, implements, or surgical instruments purchased by a taxpayer for use in his business, trade, or profession, and which are of a permanent character, are not deductible.

The purchase price of an automobile, even when used wholly for business or professional purposes, is a capital expenditure and not deductible. The cost of gasoline, repairs, and upkeep of an automobile is deductible if used wholly in business. If used partly for business and partly for pleasure and convenience of the taxpayer and his family, such cost should be apportioned accordingly. The proportion of cost justly attributable to business purposes is deductible as a necessary expense.

YOUR INCOME TAX

To obtain a deduction for traveling expenses, which form an important item in the returns of many

KENT SHALLOW WELL ON HARDY TRACT HAS INCREASED ITS FLOW

The G. C. Kent, Hardy No. 9, which has been flowing for the past few weeks around 250 barrels a day increased its flow Tuesday to about 270 barrels. The Hardy No. 10, continues to flow approximately forty barrels an hour.

The derrick on the Kent, K. Wolens No. 3, deep test in the south end of the Powell field has been torn down. Mr. Kent is contemplating erecting the derrick on a location on the east side of Chambers Creek across from the ten producing Kent, Hardy wells as soon as the roads dry up enough to travel over them in the bottom land.

Texas Company took another core in the Cheney B-1, south of the Powell field Tuesday. The sand was being tested Wednesday. Sixteen more feet and the Sun Company will be at the bottom of the hole in the Swink C-1, in the Powell field. The Sun Company has been over a week drilling out a hole that was lodged in the well at the 5,250 foot depth.

Fail to Cancel Drilling Permits

By The Associated Press. Mexico City, Feb. 16.—The district court at Villa Guadalupe, dispatches from Tampico report, has granted definite writs of amparo to the Mexican Gulf, American International Mexican Petroleum, and the Huasteca Oil Companies. These Amparos restrain the department of industry and commerce from cancelling the drilling permits of the companies under the terms of the new petroleum laws.

Kerens Banks Closed All Day Saturday

Special to the Sun.

Kerens, Feb. 16.—All three of the Kerens banks were closed Saturday in observance of Lincoln's birthday. The Banker's Convention in Dallas which convened in the Crystal ball room of the Baker Hotel was attended by C. J. Cones, Earl Seale and R. P. Walker, bank employees of this city.

Box Supper

There will be a box supper at the Petty's Chapel school house Friday night, Feb. 18th, for the benefit of the basketball team, and everybody is invited to come and have a good time.

taxpayers, certain regulations must be observed. The taxpayer is required to attach to his return a statement showing the nature of business in which engaged, number of days away from home during the taxable year on account of business, total amount of expenses incidental to meals and lodging while absent from home on business, and total amount of "other expenses incidental to travel and claimed as a deduction." Among the "other expenses" are tips, which are held to be a part of traveling expenses, provided they are reasonable in amount. Traveling expenses are deductible only when the trip is on business. They are limited to such expenses as are reasonable and necessary in the conduct of the business and directly attributable to it. Examples are payment for the use of a sample room or the hire of vehicles in visiting customers. If a person whose business requires him to travel receives a salary as full compensation for his services, without reimbursement for traveling expenses, or is employed on a commission basis with no allowance, his traveling expenses, including the entire amount expended for meals and lodging, are deductible from gross income. If a person receives a salary and is also repaid his actual traveling expenses, he must include in his gross income the amount so repaid, and may deduct such expenses. Traveling expenses incurred in connection with a journey to another city to accept or seek employment are not deductible. Suburbanites who commute daily from their homes to their places of business are not permitted to deduct the cost of transportation, it being a personal expense. Claims for deductions for traveling expenses must be substantiated, when required by the Commissioner of Internal Revenue, by records showing in detail the amount and nature of the expenses incurred.

CONTRACT AWARDED PAVING STREETS IN OAKWOOD CEMETERY

A contract for paving 2,000 square yards with reinforced concrete in the streets in Oakwood Cemetery was awarded to P. P. McElwath Wednesday morning at a special meeting of the city commissioners in the city hall. Mr. McElwath made the lowest bid for the contract with a cost of \$4,346.98. Other bids received varied between \$5,800 and \$6,000.

After awarding the contract to

Mr. McElwath a motion was moved and approved that Commissioner R. L. Wheelock be authorized to settle with Guy Russell, whose Chevrolet coupe was badly wrecked in a collision with a city fire truck Tuesday night, to the satisfaction of Mr. Russell.

Commissioner J. L. Marshall stated that the wagon used in the cemetery was worn out and that another one was needed. After a brief discussion a motion was made and so adopted, that Mr. Marshall be authorized to purchase a second hand wagon, which he is now using, for \$40.

At noon the meeting adjourned until 7:30 Friday night, when they will convene again for a special meeting.

FATHER OF KERENS RESIDENT DIED IN OKLAHOMA CITY

Mr. and Mrs. C. J. Hall passed through Corsicana Tuesday en route to their home in Kerens, returning from Oklahoma City, where they were called on account of the fatal illness of Jas. M. Lanford, father of Mrs. Hall.

Mr. Lanford was for many years a resident of Wood county, Texas, and was well known over the State. He was prominent in Masonic circles and a life member of Hella Temple and consistory.

It's Hard to "Catch" Cold if You Take Klok-Lax

"Show me a person who catches cold easily—and I will show you one whose intestines are clogged with poisonous wastes," says a noted authority.

He is right! Simply keep your bowels thoroughly cleaned out and your system purified by taking Klok-Lax regularly—chances are you will never catch a cold.

Klok-Lax is the new treatment that completely cleans out all the clogged wastes in your 28-foot canal. When you do this a cold hasn't much chance of taking hold.

But if you do feel a cold coming on, take Klok-Lax at the first sign. Get your system cleaned out of all the clogged wastes with this wonderful constipation treatment—then see how quickly you feel all right again.

Klok-Lax is the new, most effective treatment. Everybody is taking it now. It is pleasant—no nausea—no gripping—and yet you are thoroughly cleaned out and feel fine.

Get Klok-Lax at any good drug-gist.

FIRE; CARS CRASH IN HOUSE DESTROYED BY BUSINESS SECTION

Fire of undetermined origin partially destroyed the home of E. Mayfield, negro, at 715 East Fifth

avenue about 9:20 Tuesday night and consumed property loss estimated at \$2,000. The house was valued at \$3,000, with \$1,500 worth of insurance. Furniture in the house was estimated to be worth \$1,000 with \$500 worth of insurance.

No one was at home when the fire started and it was well under way by the time firemen from the Central station arrived.

W. J. Grider, driver of the big packard truck station at Fire Station No. 2, at Thirtieth avenue and Nineteenth street, collided with a Chevrolet coupe at Fifth avenue and Beaton street, doing considerable damage to both cars. Fortunately, no one was injured. The truck from No. 2, had first driven to the Central station. Seeing such a large blaze he started to the fire.

Part of the street intersection that they should wait until the light turns green and not to cross as soon as the amber color came on. However, he stated, that if a person is driving and reaches the intersection just as the light turns amber that they may cross on an amber light. According to Mr. Wheeler the driver of the fire truck had the right of way.

Fire and Police Commissioner R. L. Wheelock said he wished to call the attention to the public that if a person was waiting for a light to turn green at the street intersection that they should wait until the light turns green and not to cross as soon as the amber color came on. However, he stated, that if a person is driving and reaches the intersection just as the light turns amber that they may cross on an amber light. According to Mr. Wheeler the driver of the fire truck had the right of way.

The plans as outlined, contemplate the enlarging of the old Corsicana district or Road District No. 1 by the addition of Richland and Eureka and the building of cardinal concrete highways, eighteen feet wide, and complying with State and Federal specifications.

From the northern edge of the county to the southern edge, and in other directions the roads will be 18 feet wide, two roads 16 feet and others nine feet.

The chairman was empowered by a vote of those assembled to name another committee that will be composed of men from the different sections included in the contemplated road district for the purpose of passing on the location of the roads, the amount of the bond issue, the time for the election and other details of the matter.

The meeting was called to order by Judge Jester and the purpose of the call was explained to be that of devising some means whereby good roads might be constructed. Judge Jester stated that a member of the State Highway Commission had written that Navarro county should be in position to take advantage of the State and Federal aid that would soon be ready and then gave an outline of the proposed north and south highway from the Canadian border to the Gulf of Mexico, dividing the United States in half and running through Texas, and that Navarro county was in direct line for this highway.

The county was in position to take advantage of the designation as "the proper time."

Chairman J. L. Halbert of the committee then was called upon and explained the work as outlined by the committee, composed of J. N. Garity of Corsicana, Joe Bradley of Rice, Odie Burke of Corsicana, and H. W. Stepp of Richland. He stated a cardinal or 18 foot concrete highway was contemplated from Corsicana through Embury to the Ellis county line, one of the same kind to the Oliver bridge crossing through Eureka, one south to Richland and on to Currie, and the Limestone county line, and one from Richland through towards Streetman, one toward Waco, one east toward Powell, one toward Hillsboro. Sixteen foot roads would be built to Navarro and to a point on the Chatfield road just beyond Chambers creek. From the point near the creek on the Chatfield road nine foot concrete roads would be built to Romo one way and to and beyond Hester the other way.

Nine-foot roads would be built to and through Corbet and Drane and up the Houston & Texas Central past Chambers creek toward Rice, and towards Bazette.

These roads and their locations it was explained, were tentative and merely a general outline of the proposed district and the class of highways contemplated, and that final action would be taken at another meeting to be held later when a district-wide committee had thrashed all matters out.

Mr. Willard of Fairfield was called on and stated he and his people were interested in the highway toward their county from Corsicana and assured the meeting that Freestone county would do its part in the matter.

F. P. McElwath, local highway and paving contractor, was asked to outline the kind of roads and their costs to the meeting. He stated that the plans as outlined to him by the committee included 87 miles of cardinal highways, eight feet wide, and 55 miles of laterals, or nine-foot roads. He said the cardinal highways would cost on an average of \$30,000 per mile and the nine-foot roads between \$14,000 and \$16,000 per mile, the roads all to be of seven-inch reinforced, government specification concrete. The bond issue necessary in the district for the building of these highways, outside of the guaranteed Federal aid would be from \$2,650,000 to \$2,750,000. This would also retire all outstanding road bonds in the districts included.

Mr. McElwath said there was no doubt about the Federal government paying the quota allotted for national highways.

After a full discussion of the matter, Sam Jackson moved that the report of the committee be accepted and that another committee be named for the purpose of making detailed plans for the highways and the calling of an election. W. H. Hastings, and others seconded this motion and after further discussion from all angles the report of the committee was unanimously adopted. After discussion of the personnel of the new committee it was voted to leave this matter in the hands of the chairman and that the members of the committee, when asked, to lose no

IMPORTANT MOVE IS MADE TOWARD GOOD ROADS THIS DISTRICT

ENTHUSIASTIC MASS MEETING ENDORSES PROPOSITION FOR CONCRETE ROADS

At a meeting of more than 100 representative citizens of the Corsicana road district, and also from other parts of Navarro county, and five representative citizens from Freestone county, it was unanimously voted to adopt a tentative report made by a committee recently named to draw up an outline of plans whereby good roads would be built in at least a part of Navarro county. The meeting was presided over by Judge C. L. Jester and was held in the assembly room of the Chamber of Commerce. There were men from every walk of life and from many different sections of the county and there was a unanimous sentiment among them for the building of permanent highways.

The plans as outlined, contemplate the enlarging of the old Corsicana district or Road District No. 1 by the addition of Richland and Eureka and the building of cardinal concrete highways, eighteen feet wide, and complying with State and Federal specifications.

From the northern edge of the county to the southern edge, and in other directions the roads will be 18 feet wide, two roads 16 feet and others nine feet.

The chairman was empowered by a vote of those assembled to name another committee that will be composed of men from the different sections included in the contemplated road district for the purpose of passing on the location of the roads, the amount of the bond issue, the time for the election and other details of the matter.

The meeting was called to order by Judge Jester and the purpose of the call was explained to be that of devising some means whereby good roads might be constructed. Judge Jester stated that a member of the State Highway Commission had written that Navarro county should be in position to take advantage of the State and Federal aid that would soon be ready and then gave an outline of the proposed north and south highway from the Canadian border to the Gulf of Mexico, dividing the United States in half and running through Texas, and that Navarro county was in direct line for this highway.

The county was in position to take advantage of the designation as "the proper time."

Chairman J. L. Halbert of the committee then was called upon and explained the work as outlined by the committee, composed of J. N. Garity of Corsicana, Joe Bradley of Rice, Odie Burke of Corsicana, and H. W. Stepp of Richland. He stated a cardinal or 18 foot concrete highway was contemplated from Corsicana through Embury to the Ellis county line, one of the same kind to the Oliver bridge crossing through Eureka, one south to Richland and on to Currie, and the Limestone county line, and one from Richland through towards Streetman, one toward Waco, one east toward Powell, one toward Hillsboro. Sixteen foot roads would be built to Navarro and to a point on the Chatfield road just beyond Chambers creek. From the point near the creek on the Chatfield road nine foot concrete roads would be built to Romo one way and to and beyond Hester the other way.

Nine-foot roads would be built to and through Corbet and Drane and up the Houston & Texas Central past Chambers creek toward Rice, and towards Bazette.

These roads and their locations it was explained, were tentative and merely a general outline of the proposed district and the class of highways contemplated, and that final action would be taken at another meeting to be held later when a district-wide committee had thrashed all matters out.

Mr. Willard of Fairfield was called on and stated he and his people were interested in the highway toward their county from Corsicana and assured the meeting that Freestone county would do its part in the matter.

F. P. McElwath, local highway and paving contractor, was asked to outline the kind of roads and their costs to the meeting. He stated that the plans as outlined to him by the committee included 87 miles of cardinal highways, eight feet wide, and 55 miles of laterals, or nine-foot roads. He said the cardinal highways would cost on an average of \$30,000 per mile and the nine-foot roads between \$14,000 and \$16,000 per mile, the roads all to be of seven-inch reinforced, government specification concrete. The bond issue necessary in the district for the building of these highways, outside of the guaranteed Federal aid would be from \$2,650,000 to \$2,750,000. This would also retire all outstanding road bonds in the districts included.

Mr. McElwath said there was no doubt about the Federal government paying the quota allotted for national highways.

After a full discussion of the matter, Sam Jackson moved that the report of the committee be accepted and that another committee be named for the purpose of making detailed plans for the highways and the calling of an election. W. H. Hastings, and others seconded this motion and after further discussion from all angles the report of the committee was unanimously adopted. Peoples survey below the 1400 foot level, \$1,000.

Marriage License. W. T. Shepherd and Lorene Bonney.

Roy Ramey and Lula Mae Bonney.

Card of Thanks. We are extending our most heartfelt gratitude to the many good friends who were so kind in rendering cheer and comfort to our loved one, Mrs. M. S. Reeves, during her long illness at the hospital, and for the many beautiful floral tributes which hid from view her last earthly resting place.

Especially do we wish to thank Dr. Suttle for his faithful, untiring efforts to stay the coming of the Angel with the "White Poppies."

Also we most sincerely thank the nurses who so carefully and tenderly ministered to her needs during the last days of her illness. We pray that each one may meet such helpful kindness when pain and sadness cross their paths.

Mr. M. S. Reeves, Mrs. A. T. McGilvary and children. Children of J. C. McGilvary. Mrs. Robt. Allen and family. Mr. and Mrs. Archie Montgomery. Mrs. Ella Hodges.

A. A. Allison Gives Party for Students

A. A. Allison, while in Austin recently in the interest of securing a Junior College for Navarro county, was host to all of the boys and girls from Corsicana and Navarro county now attending the University of Texas.

A dinner was served at the Austin Hotel and a most pleasant evening was enjoyed.

LARGE SQUAD OF BASEBALL PLAYERS AT KERENS CAMP

Special to the Sun.

Kerens, Feb. 16. Coach Wilmon (Trinity University man) has about 25 boys out for ball practice at the high school. The boys are training hard getting in shape for their first game which will be with Waxahachie High at Waxahachie.

Dobbs, captain, and star pitcher of last year, is in good condition and expects to have another good season. Five of last year's boys are back this year, and Coach Wilmon says the new boys are showing up well and prospects are good for a winning team.

You must have good place to care for baby chickens before we would put out same to any one.

You can set your eggs every Monday and if you want to buy baby chickens from us you can get them any time after Tuesday.

A. B. Walker & Son.

SPECIAL HATCHERY

We realize that some people that might want to hatch eggs would not have money to pay for same, or would want to use money for something else. If you will furnish your own eggs we will hatch same and for every twenty-five chickens you leave the hatchery with you can bring us four good average roosters from the hatch at the age of ten weeks to pay for hatching. We will furnish you baby chickens from our pure bred flocks of White Leghorns, Barred Rocks, Rhode Island Reds, Silver Laced Wyandottes and Black Minorcas and take back eight good average cockerels out of every twenty-five you leave the Hatchery with at age ten weeks as pay for same. This will enable you to hatch your own eggs or get a start of good poultry without cash.

You must have good place to care for baby chickens before we would put out same to any one.

You can set your eggs every Monday and if you want to buy baby chickens from us you can get them any time after Tuesday.

A. B. Walker & Son.

GREATEST STORM IN HISTORY OF PACIFIC COAST DIMINISHING

By Associated Press.

San Francisco, Feb. 16.—

The tail end of the greatest storm between the Pacific coast states and the mid-Pacific ocean in the history of the United States Weather Bureau continued today to pound with diminishing violence in Southern and Central California while the death tolls stood at 16 dead, 21 injured and much property damage.

The greatest tragedy was in the mountain camp of the Southern California Edison Company, 75 miles east of Fresno, where eleven persons were killed in a double avalanche early yesterday. The first snow slide crushed bunk houses and sent ten men to their death. As rescuers dug into the accumulated snow for the bodies of their companions, the second avalanche struck and took another life.

Two Known Dead. Flood waters in Puente creek, near Whittier, which have assailed the steel trestle across the stream for three days, so weakened the structure that it collapsed as the last Los Angeles-Chicago flyer of the Union Pacific Railroad moved across it last night, plunging engine, tender and two coaches into the flood. Two were known dead, three others were believed trapped in one of the coaches. Six others were injured.

Two were killed in Los Angeles traffic accidents. A boy was drowned when he fell from a San Diego railroad trestle into a raging torrent which two days before had been a dry creek bed. One hundred suburbanites in the San Fernando valley, near Los Angeles, marooned in their homes by flood waters, were rescued by police in row boats.

Search for Bodies. In the stricken mountain camp rescue crews worked late into the night in search of bodies in the snow but awaited the arrival of coroner L. Herman Kennedy of Fresno before continuing the work today.

Belief was expressed today that some of the bodies were buried so deeply that they would not be recovered until the spring thaws. Edison Company officials said all of the injured were recovered.

Rude coffins were fashioned out of available lumber at the camp for the bodies which had been taken out of the slide.

One hundred men of the camp were at work in a tunnel a mile under the surface when the first avalanche struck. They were brought out immediately.

The slides left the camp hospital building standing but demolished every structure near it. Seven buildings were crushed to splinters. The loss was put at \$25,000.

Entire Coast Effected. The entire Pacific coast felt some manifestation of the storm. A slight earthquake shock was felt in San Francisco yesterday afternoon. The temblor caused some excitement in Watsonville and was felt in other places in the bay region but no damage was reported.

Hollywood firemen rescued a group of motorists who were left stranded when a bridge went out near Universal City.

Highway traffic throughout the Southland was demoralized by landslides and high water. Rail communication between Los Angeles and San Diego was cut. La Veda Hot Springs, a health resort in Orange county, was washed away but there were no casualties. A hurricane at Taft ripped the roofs off several buildings.

COURT HOUSE NEWS.

From Tuesday's Daily:
District Clerk's Office.
The following case was filed:
Alice Deane vs. S. A. Deane, divorce.

Commissioner's Court.
Charles G. Jester was elected as a member of the Navarro County Hospital Board to succeed R. J. Jackson at the meeting of the commissioners' court Monday afternoon. It was announced.

Justice Court.
Judge Sullivan fined one person on a charge of violating the highway laws.

POLITE REJECTION FROM FRANCE; ITALY EXPECTED DECLINE

By Associated Press.

Washington, Feb. 16.—Hopes of the Washington government for an effective naval limitation conference have been jolted severely by a polite rejection from France and a forecast that Italy also will decline to participate.

With the declination last night of France, the opinion here was that Italy would accept, and still representatives of a sufficient number of nations to bring practical results in the limiting of armaments not touched upon at the Washington conference.

Italy Follows France.
A semi-official communication issued in Rome today, however, announced that Italy would follow the lead of France in demurring to the proposal of President Coolidge for the conference, leaving as a matter of conjecture the next step of the American government in seeking methods of obtaining the agreement it has hoped for.

Tentative consideration had been given to a possible four-power conference, participated in by the United States, Japan, Italy, and Great Britain even before the unfavorable French reply was received. Acceptances of the Coolidge invitation were considered as having been assured from Japan and Great Britain but obviously the attitude of Great Britain may now be affected by the position of France and Italy.

For the moment it is unlikely that any plan of action will be formulated here in the absence of the British and Japanese. A Might Compromise.
The French communication was based on the main contention that the American plan might compromise the success of the preliminary disarmament commission created by the League of Nations. Whether its tenor has left room for hope that further correspondence with Paris might create a better understanding of the American suggestions was not disclosed. Several decisions in that regard until the Italian reply is before him.

The statement issued by Mr. Kellogg last night calling attention to evidences of misunderstanding in Paris did not go beyond expressing the hope of ultimate French agreement. The Italian note may offer similar possibilities to the official eye; but the immediate effect of the Rome announcement is the creation of an added obstacle to any proposal for limiting cruiser, destroyer and submarine tonnage in accordance with the Washington treaty theory or of reconciling that theory with French and Italian views.

Official here, while favoring a five-power pact, believe that the United States, with its position of independence and isolation between the two oceans, neglects to give sufficient importance to the relations either of mere friendship or open alliance existing between numerous countries in Europe, or to the difficulty one nation finds in adopting action on naval armaments without taking into consideration the desires of smaller countries who are also interested in smaller warcraft such as submarines and destroyers.

France's reply is believed to leave the fate of the American proposal to the preparatory disarmament commission, where the American delegates will have an opportunity to argue the practicability of a conference of the big powers as the first concrete step toward general reduction of armaments.

The French memorandum, following Europe's refusal to accept the American World Court reservations, is also regarded in League circles as another manifestation of Europe's belief that the United States must work through the League as a whole and not through its individual members, if she desires to cooperate effectively in Europe.

Plunges into Torrent.
As the train moved over the trestle, a part of its supports buckled and the locomotive, tender and two cars plunged into the torrent below. The initial casualty list stood at two dead and six injured.

Charles Ireland, engineer, was crushed to death when he attempted to leap from his cab as the locomotive dove into the water. Only parts of his body had been recovered last night.

An unidentified man, said to have been a cook aboard the liner, is known to have lost his life in the wreck.

Victims in Hospital.
C. H. Waters, Salt Lake City hotel proprietor, is the only passenger known to have been injured. His injuries were slight.

Other victims, all members of the train personnel, were brought to a hospital here.

By The Associated Press.

Geneva, Switzerland, Feb. 16.—Insistence upon maintaining intact the power and authority of the League of Nations, with scrupulous regard for the wishes of all the member states, both great and small, is the interpretation in League circles of France's reply to Washington in which she refuses to consider participation in a new naval conference limited to the five big naval powers.

COUNTY NEWS

BARRY

Special to the Sun.

Barry, Texas, Feb. 17.—Mrs. A. K. Elkins, or "Grandma" Elkins, as everyone here called her, died at the home of her son, Hartsell at Wellington, Saturday afternoon at 4 o'clock. Her remains were brought to Barry Monday and rested in the home of her daughter-in-law, Mrs. W. A. Elkins until Tuesday afternoon, where she was laid to rest in Dresden cemetery.

Funeral services were conducted by Rev. Sewell, pastor of the Church of Christ at Corsicana, at 3:30 o'clock at the cemetery.

The out-of-town relatives attending, were her daughter, Mrs. Edna Key of San Antonio, two sons L. M. of Corsicana and Hartsell of Wellington. Grandsons, Roger and Lloyd Elkins and Ivy Perry of Dallas, Earl Elkins of Roane, Pink Elkins of Corsicana. A niece, Mrs. Stenson, of Waco. Among friends here were Mr. and Mrs. Robert Perry and daughters, of Black Hills community.

Mr. Harlan, a former citizen of this county but now living near Wellington, and Mr. Chalquist of Dallas. The floral offerings were most beautiful and profuse.

Grandma Elkins had been a resident of Navarro county something like 35 years and had resided in the little town of Barry 18 years when she moved last September to Wellington with her son.

She had been in failing health since having a stroke of paralysis in 1925. When a final stroke of same disease brought death. She was 83 years old last November. Reared a large family, 12 children, only three of whom survive her. She was a consistent member of the church of Christ and had been for 60-odd years. She was a good neighbor and made many lasting friends wherever she lived, who join with the relatives to mourn her loss.

Among those on the sick list are Julia Kate Parks, Hansel Derryberry, Poppy Carlin, Miss Bertha Speegle, and Rev. Bell, who fell and sprained his back several days ago.

Uncle Jim Scoggins is convalescing nicely now and it is to be hoped he will soon be out again.

Mrs. B. B. Holsen of Corsicana is spending this week with her parents and other relatives.

Bill Cruise visited friends in Corsicana Saturday and Sunday.

Jeff Brown returned to his home in Tennessee after a brief visit with friends and relatives here.

Mrs. Grimmer spent Saturday and Sunday with her son, Charlie, and family of Corsicana.

Mrs. Hazel Mills was shopping in Corsicana Saturday.

Miss Jewell Cruise of Cryer Creek is spending the week with her grandmother here.

Mrs. Roger Elkins of Dallas is spending a few days with relatives and friends in Barry.

Mr. and Mrs. John Hopkins came in Sunday from a few days visit with relatives in Corsicana.

Mrs. Walter Smith and son, Randolph, returned to their home in Kerens after a week's visit with relatives in our community.

L. C. Boswell made a business trip to Corsicana Tuesday.

Dave Speegle came in Tuesday afternoon for a short visit with relatives in this community.

Mrs. Otis Varnell visited in Blooming Grove Monday.

Shelby Moore left Monday for the oil fields of West Texas.

Miss Addie Warner returned to her work Sunday afternoon, after spending the week end with home folks in the country.

The Forty-Two club met with Miss Avora Cammons last Wednesday afternoon. The usual jolly crowd was present and everyone seemed to have an enjoyable time regardless of the inclement weather.

The visitors present were Misses Genevieve Watson and Theta Newburn and Mrs. Roger Cruise.

The refreshments consisted of tuna fish sandwiches, delightful angel food cake and hot coffee.

Mrs. J. D. Bourland and Mrs. Lloyd Simpson assisted Miss Hamilton in serving.

A business meeting was called to meet at the home of Mrs. J. E. Varnell on Thursday afternoon at 4 o'clock at which time Mrs. Dolbert Coleman was elected president to succeed Miss Eda Watson who has accepted a position as English teacher in Slayton high school.

Mrs. Roger Cruise was elected to membership in the club.

FROST

Special to the Sun.

Frost, Texas, Feb. 17.—Mr. Mack Perriman of Panama City, Panama, was the guest last week of his niece, Mrs. John Robinson.

Oliver Metcalf of Corsicana was in Richland this week on business.

Walter McDaniel, who is attending school in Dallas visited at home this week end.

Mrs. Lee Club left Richland Monday for Seminole, Oklahoma to join her husband there.

Miss Ma Myers spent the week end at her home in Lindale.

Middleton Sullivan spent the week in Richland after being in Seminole for quite a while.

Miss June Edgar spent a few days in Fort Worth this week.

RICE

Special to the Sun.

Rice, Texas, Feb. 17.—The farmers have been rejoicing over the past few days of fair weather—with a few more days sunshine they will be able to resume their work.

The rains and cold weather of the past week failed to stop work on the Magnolia company's Marshall No. 1, being drilled three and one-half miles northeast of Rice. Better progress has been made this

week than for the past several weeks. They passed through the rock formation. They are said to be drilling around 3000 feet.

F. G. Houghton, who made his home with his daughter, Mrs. Harvey Emmert, of the Oak Grove community, died at an early hour Thursday morning with pneumonia.

Mr. Houghton was 77 years of age, and is survived by his wife and four daughters, Mrs. R. A. Edens, Mrs. Ida Cardwell of Rice, Mrs. Heigh Kirby of Chaffield, and Mrs. Harvey Emmert of Oak Grove. Burial was in the Catfield Cemetery.

Miss Prebble Neal of Austin, who is a stenographer in the assistant attorney general's office at Austin, spent the week end here, with her mother, Mrs. T. W. Neal.

Miss Grace Hill of Dallas is here this week visiting Mrs. Geo. Pollan.

John Christian of Powell was here Sunday with his brother, A. W. Christian.

Mr. and Mrs. L. R. Hall and son, James Lloyd, were Rice visitors Tuesday.

Mrs. R. S. Cayton of Corsicana is here this week with her mother, Mrs. S. D. Brewer, who is ill.

Horace Pollan who is attending school at Palmer, spent the week end with home folks.

Mr. and Mrs. Temple Pollan of Ennis spent the week end here, with Mr. Pollan's parents, Mr. and Mrs. J. A. Pollan.

W. A. Stockard made a business trip to Dallas Monday.

R. B. Mumsey of Corsicana was here Tuesday looking after business interests.

Miss Mattie Mae Bartlett who is teaching school in Corsicana spent the week end here with Mrs. W. A. Stockard.

Miss Ina Allen, who is teaching school in Corsicana, and Miss Mabel Allen who teaches in Ennis spent the week end here with their parents, Mr. and Mrs. T. Y. Allen.

H. C. Halbert of Stanford is here spending several days with his brother, P. F. Halbert.

F. S. Cox is back on the job at the Southern Pacific station here after laying off for several days to improve his health. He made short visits to Houston and El Paso, and says he is feeling much better.

Mrs. J. M. Bradley has returned from Quintana, where she spent several days with her sister, Mrs. Ellis.

Mrs. J. W. Holland has been suffering for the past several days from a severe attack of rheumatism.

HOW IMPORTANT IS OPTOMETRY?

Investigation has proven that about half the population would be benefited by the services of the optometrist. The optometrist does not prescribe for diseased conditions of the eye. Not though he is often able to detect them, and may recommend that the patient consult a physician. Errors of vision are often present when the patient is not aware of it. Yes, they are often responsible for much distress without the patient recognizing the cause. (To be Continued.)

BAPTISTS TO OPEN CAMPAIGN OF SUNDAY SCHOOL ENLARGEMENT

PLANS WILL BE ANNOUNCED AT MEETING OF TEACHERS WEDNESDAY EVENING

After reaching a goal of 125 teachers and officers, and perfecting a satisfactory organization, the Sunday School of the First Baptist church has decided to enter an enlargement campaign starting March 1. The efforts have been given months of study and preparation and every teacher and officer is to have their full part and responsibility for the average attendance goal to be reached, as well as the plan of systematic effort.

At a recent teachers' meeting, at which time 116 teachers were present, a committee was announced to work in connection with Superintendent of Enlargement, D. B. Weatherby. The committee announced is as follows: Helen Hume, John B. Davis and W. M. Haynes.

Full details of this attendance goal will be given at the teachers' meeting on next Wednesday evening, at which time the battery of speakers will be announced, a publicity committee will be appointed, a goal will be set, name of special endeavor will be discussed and the time indicated for this average attendance goal will be disclosed. Every teacher and officer of the Sunday School is urged to be present and get the full details of the average attendance campaign.

The Enlargement Committee held its first meeting Wednesday night at which time every member was present and a fine spirit of cooperation was evidenced. It is the duty of this committee to bring before the Sunday School Council a suggested program of activity for the next three months.

"I am happy to see our people interested in such an effort, and I believe that the church and Sunday School organization is now sufficiently developed to reach any reasonable goal they might set," said J. Howard Williams, pastor of the First Baptist church.

DAWSON

Special to the Sun.

Dawson, Texas, Feb. 17.—D. G. Simms, a former Dawson resident, but now of Dallas, is spending a few days here on business.

Otis B. Kay of McKamie, Texas, spent a few days here with relatives last week.

Mr. and Mrs. E. R. Sawyer have moved to Waco, where Mr. Sawyer has accepted employment with an electric concern.

Mrs. H. W. Patterson has been quite sick for the past week but is improving now and it is hoped that she will soon recover.

Grandma Moser, one of the oldest pioneer citizens of this country passed away Sunday. She was 82 years old. She is survived by a number of grand children and host of relatives who mourn her death.

Another pioneer citizen, Mrs. W. H. Culbreth passed away Sunday night at 11:30 o'clock. She was 73 years old. Burial in Dawson cemetery was held Monday afternoon. She is survived by two children, Miss Netty and son, Henderson Culbreth of this place.

The 1924 Study club met Wednesday afternoon, February 9th, with Mrs. E. P. Dawson as hostess.

"Biographies" was the subject for the afternoon's discussion. Fifteen members answered to roll call with quotations from noted musicians. Inventors and statesman. Mrs. J. F. Smith led the program and gave the biography of Beethoven—Mrs. Carl Matthews read a very interesting account of the life of Gene Stratton Porter. Mrs. M. D. Hatley gave a very interesting

GOVERNOR AGAIN REFUSES COMMUTE HASSELL SENTENCE

By Associated Press.

Austin, Texas, Feb. 17.—Governor Dan Moody today again refused to commute the death sentence imposed on George J. Hassell of Farwell, confessed slayer of 14 persons.

Mrs. P. A. Watson of Crockett, Hassell's sister, pleaded with the Governor to reconsider his recent action in denying clemency.

Moody told Mrs. Watson, however, that in the event the court had not had time to complete an

Kerens Bible Class Gives Entertainment

Special to the Sun.

Kerens, Texas, Feb. 17.—The E. B. W. Class of the Presbyterian church entertained the Men's Tent Class Monday evening at the home of Mr. and Mrs. R. H. Daniel with an old-fashioned box supper. The

entertainment was conducted by Mayor T. S. Daniel, Jr., and a large number of the ladies were disposed of, bringing a nice sum into the class

SEVERE QUAKE IS INDICATED; BELIEVE SIBERIA IS POINT

By Associated Press.

Paris, Feb. 17.—The Grenoble observatory reported this morning that its seismograph had registered an earthquake of "catastrophic" proportions early Wednesday. Presumably the disturbance was in

treasury. Many other entertaining features for the evening's program had been arranged by the pastor, Rev. Joe N. Everheart, and a large crowd assembled for the entertainment.

Partition walls of French buildings are made of solid plaster, much harder than the American variety.

Think Well

Before turning your money into a channel removed from your home town—Corsicana.

LIGHT

Good News!

For the Ladies of the County And Surrounding Community

Here's an opportunity to raise some quick money for your Church, Sunday School, School, Civic, Social or Fraternal organizations.

The Plan is Very Simple

For Every 20 New Subscribers You Secure for the Semi-Weekly Morning Light, the Popular County Paper, We Will Give You \$10.00 In Cash.

There Is To Be NO Limit to the Number of Subscriptions You Get, the More the Better. This Liberal Offer will be Good Until May 1st.

What You Get For \$1.00

The Subscribers Get A Full Dollar's Worth

For \$1.00 a year in advance the subscribers to the Semi-Weekly Morning Light get 104 papers a year, two papers a week for the price of one.

He gets from ten to twenty pages of international, national, state and county news every issue.

He gets strictly a home-print paper, brimming full of all that one could expect in a modern newspaper.

He gets his paper regular, and his paper is dependable, educational, and instructive for every member of his family.

When he pays for his paper he knows he will get it, or money will be gladly refunded.

He knows that when his time is out that his paper will be stopped if he does not renew.

He and his family appreciate the many features of the paper, including many costly syndicated features that are published exclusively in the Light.

The family reads the happenings of their home community each week, as there are many paid correspondents throughout the community who send in all of the news of their districts at regular intervals.

The subscribers also appreciate the great advantage the Light has by being the rural publication of the Corsicana Daily Sun, which paper is an Associated Press Paper as well as having many other attractive and exclusive features.

Space will not permit going further as to what the Light stands for, as the large list of paid in advance subscribers is best evidence that the paper is what the people want, or they would not pay for it year in and year out, with the subscription list growing rapidly.

The Advertiser Gets Full Coverage.

In publishing a newspaper we manufacture advertising space to sell.

Its value is measured by the number of our readers plus their interest and confidence in the paper they have selected as "theirs."

Their purchase of it constitutes their invitation to you to put your business message before them through its columns.

When they sit down to read it they are in the mood for news—your news, if you have any. This means that they'll read it gladly and responsively.

Even a personal letter from you might not happen to reach them when they're in so favorable a mood as when they read their newspaper.

The reader's mood for news is therefore one of the things we sell in selling advertising space.

The Semi-Weekly Morning Light has been, and will always be, for a permanent good roads system, and for all progressive moves for the upbuilding of the community.

\$1 A Year In Advance

MYSTERY SURROUNDS EXPLOSION OF LARGE AMOUNT OF NITRO

By Associated Press.

Borger, Texas, Feb. 15.—One man was killed and two persons injured last night when thirteen tons of nitro powder in a magazine house a mile and a half from here let go, rocking the entire country for miles and shattering close to \$15,000 worth of plate glass windows and causing property damage.

Melvin Norris, oil driller, was instantly killed as he ran from the derrick out into the open and a falling missile tore him in two. The oil rig is located at the far side of the city opposite the direction of the explosion.

Mrs. Hat Yates, who married a taxi driver, but three hours before was blown from the car while parked on the main street here. The car door mysteriously closed after her.

The blast wrecked the car almost beyond repair and did not injure her husband. She was taken to a hospital seriously injured.

Mrs. Fox, a nurse was knocked down in her house by the blast and sustained a fractured arm. The building then caught fire from broken gas connections.

A man known as Brown, living in a tent 300 yards from where the magazine house stood, emerged from his tent uninjured a few moments after the blast and says he saw a man walking slowly from the direction of the magazine. No one else lives within half a mile of Brown's place. Parts of a car were found near his tent.

The cause of the explosion is yet unknown by Thompson Brothers, owners of the magazine.

Corsicana Citizens Suffers Damage

A telegram to J. Jacobs of Corsicana from his son, Abe Jacobs, who is in business in Borger, received Tuesday, stated that all the windows in his store had been broken out by the nitro powder explosion near there Monday night. No other damage was mentioned by Abe, who conducts a dry goods and clothing store in the Panhandle oil town.

A telegram to homefolks from Abe Goldberg, who is also located in Borger, stated that his firm suffered no damage from the blast.

BELIEVED BOY WAS ACCIDENT VICTIM; MAN TAKES OWN LIFE

AUTO ACCIDENT THOUGHT TO HAVE CAUSED DEATH OF TWO IN NEW YORK

By Associated Press.

Sodus, N. Y., Feb. 15.—Officials said today that they were convinced that the fatal shooting of William Smith, 15-year-old school boy, was accidental and that J. Roscoe Duffloo, 35 years old, committed suicide rather than face the stigma of having killed a human being.

The bodies of the two were discovered in the wreckage of their overturned touring car two miles north of this village last night. Smith, the driver, had died instantly from a bullet that entered the back of his neck. Duffloo had shot away a large portion of his scalp, probably dying almost instantly.

Duffloo, a leader in boys' work, church member and generally admired by the youth of the town, so far as could be determined, was on friendly terms with the boy.

Investigators believe Duffloo, driving his car, met the Smith boy as he was leaving the Sodas high school. He apparently permitted the lad to take the wheel, while he got into the back seat. Indications were that Smith lost control of the car and that Duffloo's rifle was discharged when the machine overturned in the ditch.

It is believed that Duffloo became temporarily insane when he saw that he had killed his friend and that he placed the rifle to his head and sent a bullet into his brain.

WINGS OF PLANE BUCKLED WHILE OUT IN GULF THREE MILES

By The Associated Press.

Galveston, Texas, Feb. 15.—Lieutenant P. Z. Cabell, 29, of New Orleans, was killed this morning when the wings of a Jenny training plane in which he was flying with Private Carl G. Ashley, buckled, allowing the plane to drop into the Gulf about three miles off shore at 10:22 o'clock.

Private Ashley, who was sitting in the rear cockpit, succeeded in clearing the tumbling plane with his parachute and landed in the water. He was practically exhausted when rescuers reached him in the Red Cross life boat.

Lieutenant Cabell would in all probability have escaped with his life, too, had the folding wings not caught his body between them and crushed it. Rescuers were forced to use knives to cut the body loose from the floating wreckage. His back, arms and legs were broken, and his head badly bruised and his face burned black.

LAWMAKERS GETTING BELLIGERENT; FIGHT STAGED TUESDAY

By Associated Press.

Washington, Feb. 15.—Fighting words were exchanged again today at the capitol, but again there were no very serious physical consequences.

This time it was Representative Sol Bloom of New York and Representative Thomas Blanton of Texas, who got into a milling match, and although some blows actually landed the scuffle was short and indecisive.

They fell out at a meeting of the District of Columbia committee, during a hearing on a bill favored by Blanton to compel Sunday closing in the capital. Blanton rushed Bloom after the latter had accused him of making untrue statements and in the confusion a table was overturned and papers strewn over the floor. While most of the spectators scrambled to safety, one woman, Miss H. Pitts of Washington, found refuge by mounting a chair, and from that vantage point offered up a prayer that the strife might cease.

Others intervened with physical force between the combatants and they soon were separated. It was the third time within as many days that one-round encounters had developed between members of Congress. Today's match was conceded first honors so far as action was concerned, the encounters between Senators Glass and Wheeler and Representatives Tischer and Strong last week having ended short of material violence.

Blanton is a member of the committee holding the hearing today but Bloom is not. The former was examining a witness when Bloom, who is interested in several Broadway theatres, rose and said that as a member of Congress he objected to certain questions. Blanton immediately took issue, and said Bloom's attitude showed that New York City motion picture interests were blocking the bill.

Bloom replied that Blanton was making statements that were "not true," and the Texas rushed him.

RESERVE OFFICERS TO GET PAY.

By Associated Press.

Washington, Feb. 15.—A bill to give disabled emergency World War reserve officers the same retirement compensation status as that of disabled regular army officers, was given preferred legislative status in the House today by the Rules Committee.

The Veterans' Bureau estimates the measure would affect 1,848 disabled reserve officers.

To Eradicate Corn Borer.

By Associated Press.

Washington, Feb. 15.—Without a record vote the House today passed and sent to the Senate a bill to appropriate \$10,000,000 for control and eradication of the European corn borer.

CORSICANANS WERE GIVEN PRIVILEGE OF DRAFTING BILL

After several strenuous days of committee discussion, investigation and drafting, A. Allison and Superintendent H. D. Fillers, representing the Navarro County Advisory Committee and the Chamber of Commerce Educational Committee on the Junior College, returned from Austin Tuesday morning with a favorable outlook for the committee's acceptance of a junior college program.

After numerous conferences in an effort to reconcile various opinions of the committee, the House Educational Committee extended the honor and courtesy to Mr. Fillers and Mr. Allison to draft a compromise measure. When Mr. Allison and Mr. Fillers left late Monday night it looked like this compromise bill had a very good chance of approval. The local representatives were convinced, at any rate, that it had a far better chance than any of the several original bills offered.

In as much as the Chamber of Commerce representatives were privileged to virtually draft the bill as a county measure after the uncertainties of the preliminary conferences when Mr. Allison first reached there, it is believed that Navarro county has done everything that could be expected to further its favorable junior college legislation to date.

Full details of the trip will be made by Mr. Allison and Mr. Fillers to the local Committee within the next few days.

JOHN F. TUCKER AGED RESIDENT OF COUNTY IS DEAD

John F. Tucker, aged 83 years, died at his home in Corbett Tuesday morning at 1:40 o'clock and the remains were interred in the Campbell cemetery near Drane Tuesday afternoon. He was born in Bradley County, Tennessee, November 11, 1843. He came to Texas forty years ago.

Surviving children, Sam Tucker, George Tucker, Bill Tucker, all of Corbett; John Tucker, Dawson; Mrs. Lawson Brazzell, Hope, Arkansas; Mrs. J. H. Robinson, Hill county. He was the father of eleven children, five of whom are dead.

Mr. Tucker was married to Sallie A. Rausler, June 10, 1866.

"Corsicana Has It."

SUBSTITUTION OF SENATE MEASURE IS FAVORABLE TO BILL

By The Associated Press.

Washington, Feb. 15.—The House today voted to substitute the McNary-Haugen farm relief bill as passed by the Senate for the House' Companion Measure. A vote on final passage must yet be taken.

The vote was 201 to 62. The substitution was made to avoid parliamentary delays with the session approaching a close. Both friends and opponents of the bill said the vote was not a final test of strength, a number of members, including party leaders, approving the substitution without committing themselves on the bill itself.

Two hours will be allotted for general debate on the Senate bill before it is taken up under the rule permitting the offering of amendments.

Closure Rule Invoked.

By Associated Press.

Washington, Feb. 15.—The Senate today invoked its drastic closure rule to cut short debate on the McFadden branch banking bill conference report.

This forecasted final legislative action on the bill not later than tomorrow.

Insurgents had planned a filibuster on the measure in the hope of deferring action until President Coolidge had approved or vetoed the McNary-Haugen farm bill.

Bonus Loans Approved.

By Associated Press.

Washington, Feb. 15.—The House bill for government loans on bonus certificates was approved today by the Senate Finance Committee.

CENTRAL TEXAS GROCERY COMPANY BUYS ATHENS HOUSE

Announcement was made Tuesday at the offices of the Central Texas Grocery Company of the purchase recently of the LaRue & Barron Grocery Company of Athens, and the taking charge of the business with a full and complete business organization and a complete stock of groceries on the first of the present month. The name has been changed to the Central Texas Grocery Company and E. B. Gantt is manager of the branch house.

It was stated that the Central Texas Grocery Company has a good business in the East Texas area and that the firm had found it necessary to establish a branch house in that district. An effort had been made for some time to secure a suitable house in Athens and this having proved practically impossible it had about been decided to build a house there when the opportunity to purchase this established business was presented. A part of the LaRue & Barron personnel was retained.

At present time three salesmen are operating in the East Texas territory out of the Athens branch, and the spreading out of the local concern is but another demonstration of the fact that Corsicana is coming to be regarded as one of the leading wholesale centers in this section of Texas and that the Central Texas Grocery Company is one of the leaders in the wholesale business.

Another announcement of importance that was made by the Central Texas Grocery Company Tuesday was that John C. Hughes, local retail grocer for many years, who recently sold his two grocery stores to Allen Edens, would be with the Central Texas as Corsicana city salesman and that he would be calling on the local trade in the interest of that firm soon. He will succeed Chas. McQuiston in that capacity. Mr. McQuiston remaining with the company in another important capacity.

FUNERAL SERVICES MONDAY AFTERNOON FOR PIONEER WOMAN

Funeral services for Mrs. Bettie Elkins, pioneer resident of Navarro county and for many years a resident of Barry, were held Monday afternoon at the Dresden cemetery. Mrs. Elkins died at the home of her son, L. H. Elkins, at Wellington, Texas. The body was forwarded here and was taken to Dresden. She was about 82 years of age.

Surviving are two sons, Leonard Elkins, Corsicana; L. H. Elkins, Wellington, Texas; one daughter, Mrs. Edna Key, San Antonio; a number of grand-children, several great-grand children and a number of other relatives.

FORMER OFFICER DIED IN TEAGUE, BURIED IN DALLAS

Charles B. James, formerly a special agent for the Trinity & Brazos Valley Railway and a former peace officer of Dallas county died in Teague Friday night and the remains were sent to Dallas, where they were interred Sunday afternoon. He is survived by his wife, two step-children, one brother and two sisters. He was well known in peace officer circles in Corsicana.

KERENS COUNCIL AWARDS CONTRACTS EXTENSION MAINS

By Associated Press.

NEW JAIL AND GARAGE WILL ALSO BE ADDED TO GROWING LITTLE CITY

Special to the Sun.

Kerens, Feb. 17.—At a meeting of the city council Wednesday afternoon, contracts were awarded to Roy Goodman of Grapevine, Texas, for the labor, the United States Cast Iron Pipe & Foundry Company of Dallas for the construction of approximately 8000 feet of fire mains within the city of Kerens. These mains are to be principally in the east and north portion of the city, including several hundred feet in the fire zone, or in other words, in the business district and on the west side of town. McClendon & Purnell of Corsicana, engineers, are in charge.

Upon the completion of the proposed extensions, every house within the corporate limits of the town can be easily reached with the fire hose Kerens now has. The extensions and added fire plugs will give a reduction in insurance rates over the entire city.

The total cost of this project will be between \$12,000 and \$12,500. Work of extending these water mains is supposed to be begun as soon as material contractors can furnish the material.

An unusual feature in the above mentioned bidding is the fact that there were thirteen bidders which assured the city of a very good bid. The city council and mayor are well pleased at the unit price on contracts.

A petition was also presented to the city council at this meeting signed by a large number of taxpayers of Kerens, asking that the city build a new city jail. The city, after due consideration awarded this contract to Herman Hall of Kerens and Clem Ingram of Athens for the construction of this building. They also decided that a garage would be built in connection with the jail, to be of such size sufficient to house the city's trucks and tractors.

The new jail will be built of brick, the same kind and color as that of the city hall and fire station, so that the two buildings will harmonize. The contract price on this building is approximately \$1,000.

TWELVE KNOWN TO HAVE BEEN KILLED TOWN OF SARAJEVO

By Associated Press.

Vienna, Feb. 15.—A dispatch from Belgrade to the Graetz Tages-Post says that the casualties of the earthquake which rocked Bosnia, Herzegovina and Dalmatia are estimated at 600 persons. These figures for the dead and injured could not be confirmed.

Belgrade, Jugo Slavia, Feb. 15.—Earthquake shocks in the Herzegovina, Dalmatia and Bosnia sections of the Balkans, have caused enormous damage.

While the number of lives lost was uncertain today owing to a break in the telegraphic and telephonic services, it was believed there had been hundreds of deaths.

Relief trains dispatched by the Jugo-Slavian government were held up by breaks in the rails, rails being totally ripped up in many places.

Twelve persons are known to have lost their lives in Sarajevo when tons of snow and ice, loosened by the earth tremors crashed into ten buildings.

Sarajevo, about 120 miles Southwest of Belgrade, was the scene of the assassination of the Archduke Franz Ferdinand of Austria, and his consort, the Duchess of Hohenberg. The assassin was a Serbian and his deed led to Austria Hungary's declaration of war on Serbia and the conflict that developed into the World War.

WORK STARTS ON SHALLOW WELL IN PRODUCING AREA

Tip DeArman, drilling contractor, spudded in the T. C. Towns shallow well No. 1, Monday morning across the road from the Kent Hardy lease in the Chambers creek district and set surface casing around 50 feet. The driller is now waiting for the cement to harden.

Charlie Kessinger is 750 feet deep on the G. C. Kent Hardy No. 11, in the Chambers Creek district. It was learned at Mr. Kent's office Tuesday. With the present good weather ground should soon be dry enough to dig a slush pit for the Kent Hardy No. 12. The well will be spudded in as soon as the pit is finished. Mr. Kent stated.

The Texas Company was taking another core on the Cheney B-1, Tuesday at 2,983 feet. Considerable interest has been centered around this well since late last week when good showings of oil were found around 2,963 to 2,965 feet.

The Sun Company was still drilling out a bailer in the Swink C-1 in the Richland field. The bailer was lodged in the well late last week. It is thought that the driller will have it out and will be drilling at the bottom of the hole by Thursday.

COUNTY NEWS

EMHOUSE.

Special to the Sun.

Emhouse, Texas, Feb. 17.—Every one was glad to see the beautiful sunshine this week. The farmers are hoping to get some work done in the fields if it remains fair.
